Among the Hidden Margaret Peterson Haddix, 2002-06-12 In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

About the Novel: *Among the Hidden* focuses on the dystopian world of Luke Garner, where having more than two children is illegal. Unfortunately for Luke, he's the youngest of three brothers. Therefore, he must stay hidden to avoid detection from the US government. At some point in the past, the US government enacted a Population Law to help fight against food shortages. However, some believe that this is simply the government's way of controlling its citizens. One of these people is Luke's neighbor, who's also a third child. Jen comes from a well-off family. She has access to the Internet and books, something Luke does not. Jen explains to Luke that she wants to start a revolution. She's in communication with other third children, and is organizing a rally to be held outside the Whitehouse. When things go wrong, Luke finds himself in danger and must make a choice: risk being found, or assume a new identity and leave his home.

Among Hidden Stars John Coon, 2022-09-13 A world-conquering weapon. An unrelenting despot. Can a rebel couple finally defeat their oppressor's reign? Calandra Menankar dreams of ending tyranny. Living in exile and shunned by her family, the heartsick refugee refuses to stop trying to spark a revolution. And though she fears she isn't making a difference from afar, she's determined to bring down a brutal ruler no matter the cost. Xttra Oogan longs to live in peace with his wife and daughter. And he gets one step closer to that future when he destroys the last of facilities housing genetically altered soldiers. But just as the daredevil pilot believes he's gained the upper hand, he learns the tyrannical ruler of his former homeland seeks an ancient staff rumored to impart god-like powers. Following multiple attempts to kill them, Calandra flees off-planet with her husband and young child to secure a safe haven and fresh allies. But Xttra's plan to beat the tyrant to the powerful relic crumbles when their ship arrives at an alien solar system to find the enemy's fleet ready for battle. Will the courageous duo prevail or take their final breaths far from home? *Among Hidden Stars* is the suspenseful third book in the *Alien People Chronicles* science fiction series. If you like dynamic characters, explosive action, and fighting against terrifying

odds, then you'll love John Coon's breathtaking conclusion.

Hidden Among the Stars Melanie Dobson, 2018 From the award-winning author of *Catching the Wind* comes another gripping time-slip novel about hidden treasure, a castle, and ordinary people who resisted evil in their own extraordinary way.

The Hidden Book in the Bible Richard Elliott Friedman, 2009-06-23 Renowned biblical sleuth and scholar Richard Elliot Friedman reveals the first work of prose literature in the world—a 3000-year-old epic hidden within the books of the Hebrew Bible. Written by a single, masterful author but obscured by ancient editors and lost for millennia, this brilliant epic of love, deception, war, and redemption is a compelling account of humankind's complex relationship with God. Friedman boldly restores this prose masterpiece—the very heart of the Bible—to the extraordinary form in which it was originally written.

The Word Among Us Terry L. Burden, 2022-07-19 *The Word Among Us: Theologies of the Hebrew Bible/Old Testament* is a topical approach to the study of the Judeo/Christian Bible. Each topic is a survey of the many theological themes we encounter in the Biblical narrative such as the theology of Biblical History, Torah, Moses, Election, Covenant, Land, Kingship, Prophecy, and many more. Special topics include The Theology of the Fall of Israel, Theology of Messianic Expectations, and The Theology of Israel. Of particular interest is The Theology of Story which introduces the story-oriented literary discipline. At the center of Biblical theology is the tragic fall of the Northern Kingdom of Israel in 722 B.C.E. and the Southern Kingdom

of Judah in 586 B.C.E. From these periods many of the theological motifs, such as covenant, law, and prophecy, arise to address and to explain these tragedies in Israelite history. The primary purpose of the present study is a better understanding of the theological function of these motifs or themes. A theological function is the power of a Biblical narrative to constitute and to restore the Israelite people who were struggling to survive the late period of Biblical history. A special feature of my study are the several promptings from Biblical topics of the many discussions that relate to the New Testament and Christian teachings. My approach to the study of the Hebrew Bible/Old Testament is unique among other introductions to the Hebrew Bible. This book therefore is very important to both the Jewish and the Christian reader.
