Read My Lips RISSA MANANQUIL TRILLO, Summit Books, 2019-05-01 *Read My Lips: What It Takes to Build a World-Class Homegrown Brand* by Rissa Mananquil Trillo—co-founder of Filipino beauty brand Happy Skin—is part-memoir and part-business guide: by rooting the conversation in Rissa's own experiences—from her failures to her successes, from her lowest moments to her brightest triumphs—she inspires not just readers ready to rise to a new career challenge of entrepreneurship, but also anyone who wants to learn about beauty, business, and life. *Read My Lips* is divided into two parts. In the first, Rissa answers questions about entrepreneurship, helping you start and run your own business, while fully understanding both the sacrifices and fulfillment that go with making the leap. In the second, she imparts lessons gleaned from her own life experiences that unfolded the path for opportunities in business and beauty, as well as values needed to survive in entrepreneurship.

Tropical House Elizabeth Reyes, 2012-04-02 Pore over this collection of cutting-edge home designs from The Philippines. *The Tropical House: Cutting Edge Design in the Philippines* celebrates a growing trend toward globalization in interior design. More than 25 stunning houses and condos in and around Manila, the Philippines, evoke a distinctive tropical-modern-fusion style that is gaining popularity around the world. All these elegant residences comprise a synthesis of East-West trends and contemporary furnishings—as Filipino designers merge sleek modernist furniture with local designers' soulful creations in natural hardwoods and other tropical materials. Over 250 full-color photographs of outstanding Philippines architecture will inspire readers with their diverse and contemporary looks. From vintage charm to modern with bold, artful accents, to the clean, glamorous new look known as contemporary chic, this book showcases the myriad tastes of the Philippines' design world. The selection features modernist designs referred to as Zen or Minimalist; admires the modern Global Eclectics, those well-traveled collectors of beautiful objects from East and West; and celebrates the individualists who mix European furniture with acutely creative accents from local designers. Take a glimpse into the rich world of the Philippines interior design in *The Tropical House*.

Southeast Asian Personalities of Chinese Descent Leo Suryadinata, 2012 This is a bold project recording the lives of a particular group of Southeast Asians. Most of the people whose biographies are included here have settled down in the ten

countries that constitute the region. Each of them has either self-identified as Chinese or is comfortable to be known as someone of Chinese ancestry. There are also those who were born in China or elsewhere who came here to work and do business, including seeking help from others who have ethnic Chinese connections. With the political and economic conditions of the region in a great state of flux for the past two centuries, it is impossible to find consistency in the naming process. Confucius had stressed that correct names make for the best relationships. In this case, Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have, in one way or another, made their homes in, or made some difference to, Southeast Asia. I believe that, when he and his colleagues selected the biographies to be included here, they have taken a big step towards the rectification of identities for many leading personalities. In so doing, he has done us all a great service. - Professor Wang Gungwu, National University of Singapore

Southeast Asia's Chinese Businesses in an Era of Globalization Leo Suryadinata, 2006 This book addresses the rise of China and its impacts on Southeast Asia's economies and businesses, especially on those of ethnic Chinese. It also discusses Southeast Asian government policies, particularly their economic and business policies, towards local Chinese, and Southeast Asian Chinese businesses, both conglomerates and SMEs, in an era of globalization. -- BACK COVER.
