Portrait of the Artist as a Young Adult Lois Thomas Stover,Connie S. Zitlow,2013-10-30 Young adults often struggle with confusion or guilt because they perceive themselves as different from others, especially their peers. For some of these individuals, the arts can help them cope with adolescent turmoil, allowing them to express their emotions in poems, stories, painting, songs, and other creative outlets. Sensitive teachers and parents know how important it is for young people to realize that they are not alone in their quest for self-knowledge and finding their way in the world. It can make a difference when readers find something in a book that helps them understand more about who they are and helps them understand others. In *Portrait of the Artist as a Young Adult: The Arts in Young Adult Literature*, Lois Thomas Stover and Connie S. Zitlow examine books in which the coming-of-age for young adults is influenced by the arts. Stover and Zitlow consider the connection between the arts and a young person's developing sense of self, the use of art to cope with loss and grief, and how young adults can use art to foster catharsis and healing. The young people in these books either identify as artists or use the arts in intentional ways to explore their identities. They often have artistic gifts that make them stand outside the norms of teenage life, yet those gifts also help them find a sense of community. Artists considered in this book include painters, photographers, sculptors, actors, directors, choreographers, dancers, composers, musicians, graffiti artists, and others. The books discussed also explore the ways adults can nurture the artist's development and understand the way young people sometimes use the arts to form their unique identity. Included is an annotated bibliography organized by art discipline, as well as an appendix about using the arts pedagogically, making *Portrait of the Artist as a Young Adult* a valuable resource for educators, parents, librarians, and young adults.

Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Dictionary of American Young Adult Fiction, 1997-2001 Agnes Regan Perkins, 2004-03-30 Young adult readers have special needs and concerns, and librarians have become increasingly interested in selecting books suitable for them. This reference provides information about 290 books for young adults. These books received major awards between 1997 and 2001, reflect the voices of 242 different authors, and range from new to familiar themes. Included are nearly 750 alphabetically arranged entries for individual works, authors, characters, and settings. Many of these books were originally written for adults but have become popular among younger readers. Entries for works provide plot summaries and critical assessments, while author entries focus on those aspects of the writers' lives most relevant to literature for young people. The reference is a valuable selection tool for librarians and teachers and a useful guide for students.
