**Lucio Cabrera Acevedo**

The mexican enigma Sergio Aguayo Quezada,2015-05-27 The country's future depends on what a conscious and organized society does, or fail to do. The mexican enigma is an informative analysis of the situation of political, social and economic crisis that Mexico is going through from the review of three key areas: the political elites —mainly figures like Enrique Peña Nieto, whom the author studies in a bibliographical manner as well as reviews his actions since he was governor of Estado de Mexico—; the de facto powers that have been developed in the country and its implications in Mexican political and social credibility; the last axis is organized society, which, from the perception of Aguayo, has always been excluded from Mexican politics. The author also discusses the state of political culture within society and the level of disapproval of this before the present form of the government of Mexico. The author makes a strong documentary research that reaches to an almost didactic text, bringing the reader to a real and well informed approach of what is happening in Mexico. The book, in digital format, allows interaction with documents, videos and photographs that complement the reading, while encouraging political reflection from its readers.

**Juicios orales de derecho familiar: hacia su implementación y unificación en México** Pablo Alfonso Aguilar Calderon,2025-02-27 El Derecho Familiar constituye un pilar esencial para la preservación de las relaciones sociales, siendo la base fundamental de las instituciones familiares y un factor clave en el desarrollo tanto de los individuos como del Estado. En este sentido, la presente obra lleva a cabo un análisis de diversos procesos judiciales a través de la historia de varios países de Europa y América, incluido México, con el fin de comprender los mecanismos de administración de justicia, identificar aciertos y errores, así como su evolución. Finalmente, se proponen soluciones orientadas a la optimización de los procesos judiciales familiares mediante la implementación de juicios orales y el proceso de mediación obligatoria, con el objetivo de garantizar de manera integral, expedita y eficiente la protección de los intereses del núcleo familiar.

**Remolino** Sergio Aguayo Quezada ,2014-02-25 Incluye audio del autor. Remolino: el futuro depende de lo que hagan o dejen de hacer las minorías conscientes. ¿A dónde va México? Carecemos de respuestas definitivas, pero existe suficiente información para hacer un bosquejo bastante preciso de las fuerzas que, desde la sociedad, los poderes fácticos y las élites, están cincelandó el futuro para conformar el gran Remolino de nuestra historia. Aunque nadie puede anticipar los desenlaces, sí es posible asegurar que la sociedad organizada tiene la capacidad de influir en la agenda nacional. Nada está

escrito. Remolino es mi primer libro digital, y está repleto de información manejada desde ángulos poco frecuentados. Es también una obra comprometida por el futuro de nuestro país, y guiada por el convencimiento de que sí es posible transformar a México en beneficio de las mayorías, para lo cual, primero hay que entenderlo.
