Critical Companion to John Steinbeck Jeffrey D. Schultz,Luchen Li,2005 Celebrates the American writer who in his works confronted and explored the social fabric of the United States in the early 20th century. More than 500 entries include synopses of his novels, short stories, and nonfiction; descriptions of his characters, details about family, friends, and associates.

After the Grapes of Wrath Donald V. Coers,Paul Ruffin,Robert J. DeMott,1995 Traditionally, the critical reputation of Nobel Prize-winning American novelist John Steinbeck (1902-1968) has rested on his achievements of the 1930s, especially *In Dubious Battle* (1936), *Of Mice and Men* (1937), *The Long Valley* (1938), and, of course, *The Grapes of Wrath* (1939), one of the most powerful - and arguable on of the greatest - American novels of this century. Book reviewers and academic critics often turned antagonistic toward Steinbeck when he no longer produced work with the sweeping reach and social consciousness of *The Grapes of Wrath*. He was accused of selling out, or co-opting his talent, when in fact the inordinate public success of *Grapes* and especially its attendant notoriety had caused a backlash for Steinbeck. As a result he became self-conscious about his own ability, and suspicious of that clumsy vehicle, the novel. The very act of researching and writing *Grapes*, which occupied him fully for several years and which he had already conceived as his final book on proletarian themes, changed him drastically. No longer willing to be the chronicler of Depression-era subjects, Steinbeck went afield to find new roots, new sources, new forms. For example, in the six years following the publication of *Grapes*, Steinbeck completed a suit of love poems; a full-length novel (bastardized by Alfred Hitchcock in his 1943 film, *Lifeboat*); a nonfiction scientific book, *Sea of Cortez: A Leisurely Journal of Travel and Research* (with Edward F. Ricketts); a documentary film, *The Forgotten Village*; a documentary book to help the war effort, *Bombs Away: The Story of a Bomber Team*; a series of articles he wrote as a war correspondent for the *New York Herald Tribune* (later collected as *Once There Was a War*); and two novels, *The Moon Is Down* and *Cannery Row*. Steinbeck came to define himself less as a novelist and more as a man of letters, a restless experimenter with form and subject matter, and a prophetic postmodernist whose key subject for the rest of his career was the dilemma of individual choice and ethical consciousness. Thus, Steinbeck's later fiction, from *The Moon Is Down* (1942) through *The Winter of Our Discontent* (1962), and his later nonfiction, from *Sea of Cortez* (1941) through *Travels with Charley* (1962) and *America and Americans* (1966), often shows a different set of stylistic, thematic, and

philosophical bearings from his earlier work and underscores his dramatic shift toward individual thinking. A full appreciation of Steinbeck's mid-career metamorphosis and, consequently, of his later achievement requires a corresponding shift in critical approach - a departure from the traditional New Critical norms. Instead of marginalizing these works, all the contributors to this volume agree that Steinbeck's later publications merit - indeed, demand - closer scrutiny. Written especially for this collection in honor of Professor Tetsumaro Hayashi, the distinguished founder and editor-in-chief of the Steinbeck Quarterly, on his retirement from Ball State University and his move to Kwassui Women's College in Nagasaki, Japan, these essays explore new ways of addressing Steinbeck's later work and career, and include forays into subjects as diverse as ethnicity and music. They range from treatment of his post-structuralist use of language in *Sea of Cortez* and his involvement as a speech writer for Franklin Delano Roosevelt's reelection bid in 1944 to the influence of Charles Darwin's theories of sexual selection in *The Wayward Bus*, his revision of the myth of Cain in *The Winter of Our Discontent*, and his employment of Arthurian quest values in his last book, *America and Americans*. For this group of critics - which includes respected veteran Steinbeck scholars Robert DeMott, John Ditsky, Mimi Gladstein, Cliff Lewis, Robert Morsberger, Susan Shillinglaw, and Roy Simmonds, as well as talented new voices Debra Barker, Kevin Hearle, Michael Meyer, Brian Railsback, Eiko Shiraga, and GERALYN Strecker - *The Moon is Down* and *The Wayward Bus* loom as significant works in the post 1930s re-evaluation (two essays each appear on these works). The book also includes Donald Coers's interview with the writer's widow, Elaine Steinbeck, the first of its kind ever published. After *The Grapes of Wrath* opens with eminent Americanist Warren French's appreciation of Professor Hayashi's distinguished career and his influence in Steinbeck studies; a bibliography of Hayashi's major publication concludes this honorary gathering.

The Corvette in Literature and Culture Jerry W. Passon, 2011-11-08 As the original American sports car, the Chevrolet Corvette has come to represent power, freedom and sexuality for more than half a century. Yet it also hints at personal identity and style, suggesting how effectively values and meaning are communicated through an object. Using various critical perspectives, this close analysis of this highly recognizable automobile finds diverse aspects of American culture revealed. Topics covered include the Corvette in literature; its ties to masculine identity, including homosexuality, as well as female sexuality; and the Corvette as artistic object, among others.

John Steinbeck: The Grapes of Wrath & Other Writings 1936-1941 (LOA #86) John Steinbeck, 1996 *The Long Valley* (1938) displays Steinbeck's brilliance as a writer of short stories, including such classics as *The Chrysanthemums*, *The White Quail*, *Flight*, and *The Red Pony*. Set in the Salinas Valley landscape that was Steinbeck's enduring inspiration, the stories explore moments of fear, tenderness, isolation, and violence with poetic intensity.

Drive Iain Borden,2013-02-15 "The open road"—it's a phrase that calls to mind a sense of freedom, adventure, and new possibilities that make driving one of our most liberating activities. In *Drive*, Iain Borden explores the way driving allows us to encounter landscapes and cities around the world. He takes particular notice of how driving is portrayed in film from America to Europe to Asia and from Hollywood to the avant-garde, covering over a century of history and referencing hundreds of movies. From the dusty landscapes of *The Grapes of Wrath* to the city streets of *The Italian Job*; from the aesthetic delights of *Rain Man* and *Traffic* to the existential musings of *Thelma and Louise* and *Vanishing Point*; from the freeway pleasures of *Radio On* and *London Orbital* to the high-speed dangers of *Crash*, *Bullitt*, and *C'était un Rendezvous*; this book shows how driving with different speeds, cars, roads, and cities provides experiences and challenges beyond compare. Borden concludes that as an integral part of modern life, car driving is something to be celebrated and even encouraged, making *Drive* a timely riposte to anti-car attitudes, and those blind to the richness of life behind the wheel.

The Double-edged Sword Zoltán Simon,2003 This examination of American novels from 1900 to 1940 traces the literary treatment of the technological sublime, a simultaneous awe and fear of technology. The American technological sublime is a construct that can be useful in understanding the often conflicted and ambivalent reactions of enthusiasm and anxiety, exaltation and depression, associated with the patterns of development experienced in the US in this transitory period. The

first four decades of the 20th century saw the culmination of the technological sublime in America: the loss of the innocently one-sided enthusiasm and technological republicanism of the 19th century to a fragmented, often paranoiac, and largely pessimistic vision of technology that became dominant of the literature after World War II. After an evaluation of earlier scholarship on the American technological sublime, the study examines four important decades in the development of the American technological sublime and some of the literary responses to it

Steinbeck's Typewriter Robert J. DeMott, 1996 Contains nine essays originally written since the early 1980's, all of which have been extensively revised and updated specifically for this collection. Part one, creative reading/creative writing, discusses the influential importance of reading and textual appropriation in Steinbeck's life and career. Part two, negotiating texts, includes three essays that make use of previously little-known or unpublished Steinbeck documents relating to the composition and reception of three major novels. Part three contains off-beat topics, including a speculative biography and the title essay, which weaves traditional scholarship with personal memoir.
