Christine Strathern

Love at Second Sight Ada Leverson, 2021-05-28 *Love at Second Sight* (1916) is a novel by Ada Leverson. Having established herself as a journalist and short story writer, Leverson published her debut novel in 1907 to moderate acclaim. Entertaining and effortlessly witty, Leverson's prose paints a stunning portrait of the Edwardian era, a time when hope and relative peace proved prosperous for many. Often compared to her close friend Oscar Wilde, Leverson, a pioneering Jewish woman, remains a unique and refreshing voice in English literature. *Love at Second Sight* is the third installment in her Little Ottleys trilogy, a series of novels exploring the romantic lives of a hilariously diverse group of friends. Edith and Bruce Ottley seem to have it all—a charming flat, a healthy child, and a group of entertaining friends. Although they are far from perfect—Bruce can be jealous and quite the hypochondriac at times—their marriage remains strong and their home remains a place of refuge to their frequently lovelorn comrades. During the First World War, the Ottleys play host to the mysterious Madame Frabelle, who exercises a strange power over their home. When an old flame of Edith's unexpectedly returns from the war with a serious injury, she finds herself less and less willing to put up with Bruce's tiresome eccentricities. Edith and Bruce do their best to make themselves hospitable while defending their home against the hostilities of love, but the hearts and minds of their eclectic guests prove difficult to assuage. *Love at Second Sight* is a humorous tale of romance and desire from Ada Leverson, an underappreciated novelist of the Edwardian era. With a beautifully designed cover and professionally typeset manuscript, this edition of Ada Leverson's *Love at Second Sight* is a classic work of British literature reimagined for modern readers.

Love at Second Sight Catherine Stein, 2021-03-05 *Theirs* was a love to last forever. If only they could remember it. Anna Harper has no memory of her old life. Or even of yesterday. She's alone, pregnant, and in a foreign country, but none of those things will stop her from investigating the mystery of her unusual ailment. She's determined to explore every clue, whether it be a whisky company that bears her name, or a handsome man who shares her problem. Smith. Whisky. Newcastle. With his mind wiped by a pernicious potion, Quinn remembers little beyond those few words. All he knows is that he's captivated by the outspoken dark-haired beauty searching for answers. And he'll do all he can to protect her from the enemies bent on

stopping her. As Anna and Quinn join forces to unravel pieces of their past, they uncover a tangled web of deception and betrayal. Only Anna's keen insight and Quinn's steadfast spirit can lead them to the truth. And only the yearning of their two hearts can revive the love their minds have forgotten.

The Subtlety of Emotions Aaron Ben-Ze'Ev,2001-08-24 An informal yet rigorous exploration of human emotions in all their complexity and subtlety. Why do we cry at the movies? What is the best way to manage destructive feelings such as jealousy? Although emotions pervade our lives, their nature, causes, and effects have only recently been studied by social scientists and philosophers. Despite growing scientific interest in the subject, empirical findings have not yet caught up with our intuitive knowledge. In this book Aaron Ben-Ze'ev carries out what he calls a careful search for general patterns in the primeval jungle of emotions. In an engaging, informal style he draws on a variety of theoretical approaches and popular sources to produce a coherent account of emotions in all their subtlety. All of the ideas are illustrated with examples drawn from everyday life. The book is organized into two parts. The first presents an overall conceptual framework for understanding emotions. It looks at the typical characteristics and components of emotions, distinguishes emotions from other affective phenomena, classifies the emotions, and covers such related issues as emotional intelligence, regulating emotions, and emotions and morality. The second part discusses individual emotions, including envy, jealousy, pleasure-in-others'-misfortune, pity, compassion, anger, hate, disgust, love, sexual desire, happiness, sadness, pride, regret, and shame. The text is laced with insightful and often amusing quotations from sources ranging from Mae West to Montesquieu.
