

Mumbo Jumbo Ishmael Reed

Ishmael Reed, Anne Mersevey

Mumbo Jumbo Ishmael Reed, 1996-06-11 The Classic Freewheeling Look at Race Relations Through the Ages Mumbo Jumbo is Ishmael Reed's brilliantly satiric deconstruction of Western civilization, a racy and uproarious commentary on our society. In it, Reed, one of our preeminent African-American authors, mixes portraits of historical figures and fictional characters with sound bites on subjects ranging from ragtime to Greek philosophy. Cited by literary critic Harold Bloom as one of the five hundred most significant books in the Western canon, Mumbo Jumbo is a trenchant and often biting look at black-white relations throughout history, from a keen observer of our culture.

Ishmael Reed Ishmael Reed, 2009-09-01 Ishmael Reed's career as one of our great playwrights has long been eclipsed by his other work. Here published for the first time, Reed's plays follow the ancient tradition of using the theater as a forum in which the official versions of our history can be critiqued. Dealing with subjects that mainstream theatergoers might find disturbing—homelessness, the arbitrary entrapment of a black politician, the excesses of the radical feminist movement, the use of black conservatives to promote right-wing agendas, the exploitation of blacks and Africans as unsuspecting guinea pigs by the pharmaceutical industry, and the hypocrisy of the Christian church—Reed's plays are a pungent antidote to the watered-down world of contemporary pop culture, where, Reed argues, minority voices remain as marginalized and stigmatized as they were a hundred years ago.

Mumbo Jumbo Ishmael Reed, 1988-01 This novel examines the African-American culture and its deflation.

Conversations with Ishmael Reed Ishmael Reed, 1995 As a fiercely independent thinker, Ishmael Reed, author of Mumbo

Jumbo, Flight to Canada, Reckless Eyeballing, and other works of fiction, nonfiction, and poetry, is often in conflict with the culture that appears to have a compulsive need to cage its artists and intellectuals in worn-out clichés and labels. As a writer who experiments in many forms and genres, and one who embraces postmodernism rather than protest and naturalism, Reed defies popular conceptions of what American writers, particularly black American male writers, should be or do. In this collection of candid interviews, Reed discusses how critics, especially from the northeastern establishment have consistently marginalized African American writers by placing them in the either-or thing of Christianity and Communism. As he does in his writing, Reed uses invective, satire, and humor to show how those people judging American literature have made no attempt to understand recent American writing. Bruce Dick is a professor English and African American studies at Appalachian State University. Amritjit Singh is a professor of English at Rhode Island College and co-editor of Postcolonial Theory and the United States, published by University Press of Mississippi in 2000.

Mumbo Jumbo Ishmael Reed, 2003

The Free-Lance Pallbearers Ishmael Reed, 1999-09-01 Ishmael Reed's electrifying first novel zooms readers off to the crazy, ominous kingdom of HARRY SAM—a miserable and dangerous place ruled for thirty years by Harry Sam, a former used car salesman who wields his power from his bathroom throne. In a land of a thousand contradictions peopled by cops and beatniks, black nationalists and white liberals, the crusading Bukka Doopeyduk leads a rebellion against the corrupt Sam in a wildly uproarious and scathing satire, earning the author the right to be dubbed the brightest contributor to American satire since Mark Twain (The Nation).

The Last Days of Louisiana Red Ishmael Reed, 2000-03-01 When Papa LaBas (private eye, noonday HooDoo, and hero of Reed's Mumbo Jumbo) comes to Berkeley, California, to investigate the mysterious death of Ed Yellings, owner of the Solid Gumbo Works, he finds himself fighting the rising tide of violence propagated by Louisiana Red and those militant opportunists, the Moochers. A HooDoo detective story and a comprehensive satire on the explosive politics of the '60s, The Last Days of Louisiana Red exposes the hypocrisy of contemporary American culture and race politics.

Yellow Back Radio Broke-down Ishmael Reed, 2000 Folks. This here is the story of the Loop Garoo Kid. A cowboy so bad he made a working posse of spells phone in sick. A bullwhacker so unfeeling he left the print of winged mice on hides of crawling women. A desperado so onery he made the Pope cry and the most powerful of cattlemen shed his head to the Executioner's swine. And so begins the HooDoo Western by Ishmael Reed, author of Mumbo Jumbo and one of America's most innovative and celebrated writers. Reed demolishes white American history and folklore as well as Christian myth in this masterful satire of contemporary American life. In addition to the black, satanic Loop Garoo Kid, Yellow Back Radio Broke-Down features Drag Gibson (a rich, slovenly cattleman), Mustache Sal (his nymphomaniac mail-order bride), Thomas Jefferson and many others in a hilarious parody of the old Western.

"The Black Tide of Mud" Lydia R. Kerr, 2012 This dissertation investigates the experience of reading provoked by Ishmael Reed's 1971 novel *Mumbo Jumbo* according to the ways in which this text both figures and disrupts the threshold between fiction and history. Prior scholarship has characterized this disruption as a celebration of self-referentiality and linguistic indeterminacy, and in this way has emphatically situated *Mumbo Jumbo* as an early paragon of postmodern literature. I contend, to the contrary, that this perspective overlooks Reed's own stated objectives concerning his novel, which he considered an act of artistic guerrilla warfare, and which manifests a signifying strategy that is concerned less with figurative language and interpretive openness than with an occult power of words and the invocation of psychic fixes, or spells, that implicate actual historical figures as well as the larger historical and civilizational context that these figures emblemize. ^In theorizing this position, I borrow the HooDoo notion of the Work from Reed's novel in order to introduce the concept of the Work of fiction, which positions the reader at the site of the convergence between history (the real world) and fiction (the imaginary world); this position thus should be understood as the locus from which *Mumbo Jumbo* subverts, productively redetermines, and reconstructs the calcified signifiers of what the text calls Civilization As We Know It. Chapter one, The Work of Fiction, unfolds this concept via a reading of the all persons fictitious disclaimer that traditionally precedes a novel but that *Mumbo Jumbo* dis-locates between the first two chapters. I argue that by installing this presumably extra-textual artifact within the fiction, the novel inverts the disclaimer's function as a border dividing the fictional from the real, and transforms it into a proclamation of the text's intention to undermine the empiricist epistemology for which it stands. ^This places my analysis at odds with Henry Louis Gates, Jr. 's influential reading in *The Signifying Monkey*, which I show to be complicit with this epistemology because of its insistence on the novel's closed self-referentiality and thus its independence from the history out of which Reed's occult significations are fashioned. Rather than establish a definite, supposedly objective connection between these significations and their historical precedents, however, I emphasize that such connections emerge out of an experience of reading that is both a calculated effect of Reed's Neo-HooDoo aesthetic and incalculably singular to each reader's encounter with his novel. Chapter two, Freud Fainted, examines the intersections between the historical record of Sigmund Freud's 1909 visit to Clark University and this record's subversive reproduction in *Mumbo Jumbo*. ^Further, I show that while explicitly contending with the (mal-)practice of psychoanalysis in the United States, *Mumbo Jumbo* also treats the work of the unconscious comprising Freud's clinical practice as a foil for the Work practiced by the novel's protagonist, PaPa LaBas, in his *Mumbo Jumbo Cathedral*, and, by implication, by Reed's own signifying strategy. In this way, *Mumbo Jumbo* conjures potential coincidences between psychoanalysis and VooDoo, HooDoo, and Neo-HooDoo and suggests that a reliance on the occult power of language might lie dormant in psychoanalysis, or

perhaps form its very foundation. Chapter three, *Occult Transmissions: Between Freud and Reed*, takes up this provocation by exploring the psychoanalytic technique of construction, which involves an approach to signification that might not only account for, but indeed welcome the supernatural effects Reed aims to induce, rather than dictating a theoretical and terminological bulwark against them. ^My central contention is that Reed's narrative of the Egyptian family romance from which Civilization As We Know It originated is a re-writing of Freud's *Moses and Monotheism* that targets the originary, unconsciously inherited trauma that structures the American present. As with Freudian construction, Reed's novel does not attempt to reconstruct an actual, chronologically locatable historical occurrence, but instead produces an origin that is logically prior to the present that it motors. This coincidence between Freud and Reed further outlines the resonances joining psychoanalytic practice with the Work of fiction that animates *Mumbo Jumbo* and that activates the experience of reading through which the novel achieves its singular effects.

The Terrible Twos Ishmael Reed, 1999 Originally published in 1982 by St. Martin's Press.

The Political Conspiracies of Ishmael Reed's *Mumbo Jumbo* Benjamin Clark Bishop, 2004 While one of Ishmael Reed's objectives in writing *Mumbo Jumbo* was to humble Judeo-Christian culture, an ironic outcome of this novel is the overlooked fact that Reed and the American Evangelical and Fundamentalist Christian have plenty in common: a growing distrust in the American Establishment since President Woodrow Wilson, a disdain for Karl Marx and Sigmund Freud, a condemnation of Freemasonry, and a disappointment that their prospective groups are victims of revisionist history. This study, using the novel *Mumbo Jumbo* as its focal point, pinpoints the historical validity that the American government, along with secret societies, has poached the African American and Christian myths and uses those myths to take away political and religious freedoms from them.
