Walter William Skeat, Charles Otto Blagden

Pattern Magic 3 Tomoko Nakamichi, 2023-01-25 In this new addition to the Pattern Magic series from Japan, Tomoko Nakamichi teaches you how to sculpt with fabric, creating beautiful shapes, waves and accents. Next, she looks at creating dynamic movement in garments, using ruffles, shirring and precise, sharply pleated lines. All the measurements and scaling information you need to start pattern making is included. As throughout the series, all the patterns are based on a basic block, supplied in the book. Thorough step-by-step instructions and diagrams will ensure that your own patterns translate beautifully to your choice of garment, while photographs of the finished garments will inspire you to create your own designs.

Pattern Magic 2 Tomoko Nakamichi, 2023-01-25 Pattern Magic 2 is the follow up to the best-selling Pattern Magic. This series takes the cult pattern-cutting text from Japan and gives the reader an easy-to-follow guide to creating stunning, sculptural garments with a couture feel. Inspiring and exciting, this volume takes a creative approach to pattern cutting with more step-by-step projects for fashion designers and dressmakers to enjoy. This book looks at creating interesting surfaces, optical illusions and curved shapes through pattern cutting. All the basic information you need to start pattern cutting is included, from the basic block to measurements and scaling. Each project is beautifully illustrated with clear diagrams and photographs showing the stages of construction, the muslins (toiles) and the finished garments. The 200 illustrations and detailed instructions make it easy to create stunning, sculptural clothes. Review for Pattern Magic 2: 'A super useful thing I found in these books is that EACH of the projects shown has its own tutorial with text, measurements and step by step images that show you how to create the paper pattern. This allow you to learn new sewing techniques.'

Fashion Design: The Complete Guide John Hopkins, 2021-09-23 From the first sketch to handling a prototype, *Fashion Design: The Complete Guide* is an all-inclusive overview of the entire design process. This second edition begins with an exploration of fashion in the context of different histories and cultural moments, before fashion designer, and educator John Hopkins walks you through fashion drawing, colour, fibres, research methods, and studio must-knows such as pattern making, draping and fitting. You'll also learn how to develop your portfolio and practice as a professional designer. Each of the six chapters ends with activities to help you hone your skills. Interviewees include Stefan Siegel (founder and CEO of Not Just A Label), Maggie Norris (Founder of Maggie Norris Couture and former designer at Ralph Lauren), Samson Soboye (Creative Director and Founder of Soboye Boutique) and Jessica Bird (a fashion illustrator, whose clients include Vivienne Westwood and matchesfashion.com). With discussion of the evolving role of social media and the practicalities of incorporating sustainability at the centre of the design process this is an essential text for any aspiring fashion designer.

Pattern Makers' Journal ,1927

Rethinking Fashion Globalization Sarah Cheang, Erica de Greef, Yoko Takagi, 2021-07-15 *Rethinking Fashion Globalization* is a timely call to rewrite the fashion system and push back against Eurocentric dominance within fashion histories by presenting new models, approaches and understandings of fashion from critical thinkers at the forefront of decolonial fashion discourse. This edited collection draws together original, diverse, and richly reflective critiques of the fashion system from both established and emerging fashion scholars, researchers and creative practitioners. Chapters straddle current calls for decolonization and inclusion, as well as reflections on de-westernization, post-colonialism, sustainability, transnationalism, national identities, social activism, global fashion narratives, diversity, and more. The volume is divided into three key themes, 'Disruptions in Time and Space', 'Nationalism and Transnationalism' and 'Global Design Practices'. These themes re-map fashion's origins, practices and futures, to present alternatives for reclaiming and rethinking fashion globalization in the 21st century.

Fashion Design Denis Antoine, 2020-01-27 This introduction to fashion is aimed at students of fashion design across the world. Along the way they will explore a wide variety of hands-on, creative methodologies of design ideation, development, and presentation. Supported by inspirational visual content—fashion photography, fashion illustration, sketchbook artwork, technical drawings, and infographics—and case studies, the book offers a unique overview of the fashion industry.
