The Reinvention of Primitive Society Adam Kuper, 2017-02-17 Adam Kuper's iconoclastic intellectual history argues that the idea of "primitive society" is a western myth. The "primitive" is imagined as the opposite of the "civilised". But this is a protean myth. As ideas about civilisation change, so the image of primitive society must be adjusted. By way of fascinating account of classic texts in anthropology, ancient history and law, Kuper reveals how this myth underpinned academic research and inspired political programmes. Its ancestry is traced back to classical western beliefs about barbarians and savages, and Kuper also tackles the latest version of the myth, the idea of a global identity of "indigenous peoples". The Reinvention of Primitive Society is a key text in the history of anthropology, and will interest anyone who has puzzled about the very idea of "primitive society" - and so, by implication, about "civilisation".

The Primitive Reader, an Anthology of Myths, Tales, Songs, Riddles and Proverbs of Aboriginal Peoples Round the World John Greenway, 1965 Includes myths of the Euahlayi - the southern cross, concerning Yowi & the spirit of death; The Bora of Baiame, culture hero beliefs, (from Parker); myth of Djauan tribe - Eingana, the Mother manifestation of the Rainbow Serpent; myth of Murinbata - the crocodile man and the heron man ancestor hero tale (from Robinson); myth of Jauraworka How the Mura-mura Paralina perfected mankind (from Howitt)

Special attention was paid to the ritual and mythology of the Aborigines of Australia, in what was then some of the first studies of their beliefs.

Creation Myths of Primitive America Jeremiah Curtin,2018-03-04 Excerpt from Creation Myths of Primitive America: In Relation to the Religious History and Mental Development of Mankind That earlier world had two periods of duration, one of complete and perfect harmony; another of violence, collision, and conflict. The result and outcome of the second period was the creation of all that is animated on earth except man. Man, in the American scheme of creation, stands apart and separate; he is quite alone, peculiar, and special. Above all, he belongs to this continent. The white man was unknown to American myth-makers, as were also men of every other race and of every region outside of the Western Hemisphere. Described briefly and by an Indian, the American myth system is as follows: There was a world before this one in which we are living at present.
