Spanish Short Stories Sergio Rodriguez, 2018-12-18 Have you ever wanted to learn Spanish and have fun at the same time? Most of the time, teaching books are boring. They always have the same kind of format: Two (sometimes more) people talking about where the library is, or where to find Juan. That's boring, and to be honest, it's not a great way to learn the language (not to mention that they don't always talk about things that you might encounter in your daily life, for example, a

judgmental ghost, being the last man on Earth, or maybe find that the love of your life has been stolen). But in this book, I will give you 20 short stories that will range from science fiction to romance, everything in between and sometimes even more. These stories will give you an entire picture of the Spanish language, and how to appreciate the subtlety of the language. The Spanish language is rich, full of small differences between the different countries. Things that might be one way in Argentina might be different in Spain or Mexico. But don't worry, with this book, you will have a firm grasp on the language, and you will be able to understand and have a conversation with any Spanish speaker. After each story, there will be a questionnaire section where you will answer questions about the stories in Spanish. I really suggest to grab a blank page, and write down the answers, or the small assignments that you will be given (don't worry, they won't be long!). Remember to write them in Spanish, so you can practice and use the language. Also, in this section, you will find grammar and fun facts not just from the stories themselves, but from the inspirations behind them, and facts about living in a Spanish country. I hope you like them. All these stories are written from my heart, and I deeply hope that you will find them funny, mysterious, romantic, or at least entertaining. That's my goal as a writer, and I hope you enjoy your time reading (and learning!) Get your copy now!

Spanish Short Stories For Beginners (Vol 1) Mobile Library, 2018-05-20 ¡Hola! Hello! Did you understand this first Spanish word? Yes, you did! Why? Because it was presented to you using a new technique that is making learning languages easier than ever – the Bilingual Reading. We created this book using this technique so that you can learn Spanish in a fast and fun way and whenever you want. How does this work? It is simple: Bilingual Reading works by reading two versions of the same book or text at once. One version will be on the language you want to learn (in this case we will help you to learn Spanish) and the other version will be in your native language or some other language you are comfortable with – here we will use English. Using this method, you will quickly start discovering the meaning of the words in Spanish and accumulating vocabulary that will soon allow you to read texts that are more complex without having to spend hours and hours looking for every word meaning on a dictionary and trying hard to memorize it. In order to make it easier for you to learn Spanish in a fun way, we gathered in a word a very special group of 12 Spanish short stories. These 12 Spanish short stories for beginners were written using straightforward grammar that is comprehensible for beginners and that will help you rapidly gain more Spanish vocabulary and comprehension. Using Spanish English parallel text, this book will increase your bilingual reading comprehension skills and maximize the time you invest in reading. The book is organized as a Spanish learning book: you can start by reading each paragraph of each story in the two languages (in Spanish English parallel text), then move to read the full story in each language, rereading to consolidate the Spanish fundamentals whenever is necessary. This way you will feel the progress of Spanish language learning when moving from story to story and see your Spanish vocabulary grow as your bilingual reading comprehension increases - allows you to learn Spanish easily and more than that, you can learn Spanish in a fast and fun way.
