**Creators** Paul Johnson,2009-10-13 “Johnson emphasizes the rarity of truly visionary artists . . . his approach is unfailingly generous. . . . Genuinely revealing.” —Publishers Weekly From celebrated journalist and historian Paul Johnson, an enlightening look at the imagination and drive of visionaries who have changed our world. Paul Johnson believes that creation is a mysterious business which cannot be satisfactorily analyzed. But it can be illustrated in such a way as to bring out its salient characteristics. In this companion to his New York Times bestseller, *Intellectuals*, he profiles outstanding and prolific creative spirits from a variety of artistic pursuits. Here are essays on such giants as Chaucer and Shakespeare, Mark Twain and T. S. Eliot, Jane Austen and George Eliot; artists such as Dürer, Turner, and the contemporary Japanese master Hokusai; architects Pugin and Viollet-le-Duc; Johann Sebastian Bach; Louis Comfort Tiffany; clothing designers Balenciaga and Dior; and masters of the 20th century, Picasso and Disney.

**Christopher Marlowe the Craftsman** M.L. Stapleton,2016-05-23 Contributions to this volume explore the idea of Marlowe as a working artist, in keeping with John Addington Symonds' characterization of him as a sculptor-poet. Throughout the body of his work-including not only the poems and plays, but also his forays into translation and imitation-a

distinguished company of established and emerging literary scholars traces how Marlowe conceives an idea, shapes and refines it, then remakes and remodels it, only to refashion it further in his writing process. These essays necessarily overlap with one another in the categories of lives, stage, and page, which signals their interdependent nature regarding questions of authorship, theater and performance history, as well as interpretive issues within the works themselves. The contributors interpret and analyze the disputed facts of Marlowe's life, the textual difficulties that emerge from the staging of his plays, the critical investigations arising from analyses of individual works, and their relationship to those of his contemporaries. The collection engages in new ways the controversies and complexities of its subject's life and art. It reflects the flourishing state of Marlowe studies as it shapes the twenty-first century conception of the poet and playwright as master craftsman.

*Introducing Pragmatism* Cornelis de Waal, 2021-08-30 This unique introduction fully engages and clearly explains pragmatism, an approach to knowledge and philosophy that rejects outmoded conceptions of objectivity while avoiding relativism and subjectivism. It follows pragmatism's focus on the process of inquiry rather than on abstract justifications meant to appease the skeptic. According to pragmatists, getting to know the world is a creative human enterprise, wherein we fashion our concepts in terms of how they affect us practically, including in future inquiry. This book fully illuminates that enterprise and the resulting radical rethinking of basic philosophical conceptions like truth, reality, and reason. Author Cornelis de Waal helps the reader recognize, understand, and assess classical and current pragmatist contributions—from Charles S. Peirce to Cornel West—evaluate existing views from a pragmatist angle, formulate pragmatist critiques, and develop a pragmatist viewpoint on a specific issue. The book discusses: Classical pragmatists, including Peirce, James, Dewey, and Addams; Contemporary figures, including Rorty, Putnam, Haack, and West; Connections with other twentieth-century approaches, including phenomenology, critical theory, and logical positivism; Peirce's pragmatic maxim and its relation to James's Will to Believe; Applications to philosophy of law, feminism, and issues of race and racism.
