**The Second Husband** Kate White, 2022-06-28 A woman's seemingly perfect second marriage is rocked by a discovery about the death of her first husband in this twisty psychological thriller from Kate White, the New York Times bestselling author whom Entertainment Weekly called impossible to outwit. After losing her husband, Derrick, in what appears to have been a random street crime, thirtysomething Emma has built a new life with widower Tom, who is kind, handsome, driven, and successful. Emma is finally able to feel safe again, both in her relationship with Tom and in the home they've made together on the Connecticut shore. Then one day a homicide detective shows up at Emma and Tom's door asking questions. Though Emma had been cleared of her husband's murder, it appears that law enforcement is taking another look at her and the case. What do they know? Are they on the right track this time? And most importantly, will the renewed investigation ruin Emma's chances of a happy life? With twists and turns all the way to the last page, this fast-paced, expertly plotted novel will have you asking that age-old question: how well do you really know the ones you love?

**I Came Back for You** Kate White, 2026-03 A mother begins to challenge everything she's been told about her daughter's murder in a shocking novel of suspense by a New York Times bestselling author. Ten years after her daughter, Melanie, was murdered, Bree Winter is finally moving on with a new love, a new home, and a new beginning. Then a deathbed confession from the convicted killer throws Bree's life into a tailspin all over again. He readily confesses to murdering four girls. But not Melanie. At first, Bree and her ex-husband don't buy a word of it. Until inconsistencies about the crime emerge. So does the dreadful feeling that the monster who shattered Bree's family isn't lying. The only way she can get to the truth is to power through the trauma and return to the town in upstate New York where Melanie's life came to a brutal end. Bree will do anything to find justice for her daughter and finish this nightmare forever. Instead, it's just beginning. Not only could the real killer still be in their midst, but as Bree begins to dig through Melanie's past, what she discovers calls into question everything she has believed--about the crime and about Melanie herself.

**Between Two Strangers** Kate White, 2023-05-16 A woman receives a bewildering inheritance that may have something to do with her past in this twisty and addictive psychological thriller from the New York Times bestselling author Entertainment Weekly calls impossible to outwit. Struggling artist Skyler Moore is flabbergasted when she receives a suspicious phone call from a lawyer she's never met regarding a private matter. As soon as she arrives at the law firm's office, she learns she's the

recipient of a large inheritance, a life-changing sum that will allow her to realize her long-held dream of becoming a mother. But who was her benefactor, Christopher Whaley? The late man's name means nothing to Skyler, and she has no idea why he would leave her such an enormous bequest. Looking into his background, Skyler finally realizes they met once at a hotel bar and shared a one-night stand. But they never exchanged numbers, or even last names, and that was over a decade ago. She wonders if the inheritance is meant to be a message of some kind, but can't imagine what it might be. Chris' family is confused and suspicious too, and his widow accuses Skyler of having an affair with her late husband, then threatens revenge. In order to protect herself, Skyler has to understand the reason the money was left to her. But as she digs for the truth, it becomes clear that Chris Whaley might have taken other secrets to the grave, ones that could have terrifying consequences for her . . .

The Personal Assistant Kimberly Belle, 2022-11-29 USA TODAY bestselling author Kimberly Belle returns with a deeply addictive thriller exploring the dark side of the digital world when a mommy-blogger's assistant goes missing. When Alex first began posting unscripted family moments and motivational messages online, she had no intention of becoming an influencer. Overnight it seemed she'd amassed a huge following, and her hobby became a full-time job—one that was impossible to manage without her sharp-as-a-tack personal assistant, AC. But all the good-will of her followers turns toxic when one controversial post goes viral in the worst possible way. Alex reaches out to AC for damage control, but her assistant has gone silent. This young woman Alex trusted with all her secrets, who had access to her personal information and front row seats to the pressure points in her marriage and family life, is now missing and the police are looking to Alex and her husband for answers. As Alex digs into AC's identity – and a woman is found murdered – she'll find the greatest threat isn't online, but in her own living room. Written in alternating perspectives between Alex, her husband, and the mysterious AC, this juicy cat and mouse story will keep you guessing till the very end.

**A Genealogical Record of the Family of White** John Bartlett White, 1878

Schizophrenic Women Robert D. Towne, 2018-04-24 Schizophrenic Women is a fascinating report on the lives of seventeen families that suffered the experiences associated with the hospitalization of the wife and mother for mental illness. A description and analysis of representative experiences is presented here in an attempt to investigate various key issues--the patterns of family living preceding the crisis leading to medical hospitalization; how the patterns fell apart; how personal and

family crises became psychiatric emergencies; how the hospital experiences modified both the immediate crises and the earlier patterns of living--and how durable those changes were once the patients had returned home. The book goes beyond the immediate lives of the women and their families--the authors direct attention to patterns of psychiatric care and to the ways in which such crises as those experienced by these women and their families come to professional attention and are managed. The authors explore how help is found and used and some of the functions hospitalization serves for patients and their families. They point out some of the ways that traditional patterns of psychiatric care limit the power to observe, understand, and effectively influence a pathological course of events. In her new introduction to *Schizophrenic Women*, Rita J. Simon notes that, Although the study was conducted in the 1950s, readers will recognize its current relevance and importance for scholars and the lay public interested in the problem of mental illness and intrafamily relationships.
