An Inquiry Based Approach for Using Comic Based Stories to Teach Liberal Arts and Social Sciences Adam P. Zoeller, Thomas E. Malewitz, 2025-11-19 An Inquiry Based Approach for Using Comic Based Stories to Teach Liberal Arts and Social Sciences, illustrates the belief that film can serve as a powerful tool in the social studies classroom and, where appropriately utilized, foster critical thinking and civic mindedness.

*Michael Moore and the Rhetoric of Documentary* Thomas W Benson, Brian J Snee, 2015-04-27 Not afraid to tackle provocative topics in American culture, from gun violence and labor policies to terrorism and health care, Michael Moore has earned both applause and invective in his career as a documentarian. In such polarizing films as *Bowling for Columbine*, *Fahrenheit 9/11*, and *Sicko*, Moore has established a unique voice of radical nostalgia for progressivism, and in doing so has become one of the most recognized documentary filmmakers of all time. In the first in-depth study of Moore's feature-length documentary films, editors Thomas W. Benson and Brian J. Snee have gathered leading rhetoric scholars to examine the production, rhetorical appeals, and audience reception of these films. Contributors critique the films primarily as modes of public argument and political art. Each essay is devoted to one of Moore's films and traces in detail how each film invites specific audience responses. *Michael Moore and the Rhetoric of Documentary* reveals not only the art, the argument, and the emotional appeals of Moore's documentaries but also how these films have revolutionized the genre of documentary filmmaking.

*Lana and Lilly Wachowski* Cael M. Keegan, 2018-11-15 Lana and Lilly Wachowski have redefined the technically and topically possible while joyfully defying audience expectations. Visionary films like *The Matrix* trilogy and *Cloud Atlas* have made them the world's most influential transgender media producers, and their coming out retroactively put trans\* aesthetics at the very center of popular American culture. Cael M. Keegan views the Wachowskis' films as an approach to trans\* experience that maps a transgender journey and the promise we might learn to sense beyond the limits of the given world. Keegan reveals how the filmmakers take up the relationship between identity and coding (be it computers or genes), inheritance and belonging, and how transgender becoming connects to a utopian vision of a post-racial order. Along the way, he theorizes a trans\* aesthetic that explores the plasticity of cinema to create new social worlds, new temporalities, and new sensory inputs and outputs. Film comes to disrupt, rearrange, and evolve the cinematic exchange with the senses in the same

manner that trans\* disrupts, rearranges, and evolves discrete genders and sexes.

**Public Personnel Administration and Constitutional Values** Yong Lee, 1992-08-30 Several Supreme Court battles during the Warren-Burger era finally brought public sector employees under constitutional protection, setting forth a new legal framework for personnel management. This new framework requires administrators to manage personnel foremost in compliance with the established constitutional principles without necessarily sacrificing efficiency. *Public Personnel Administration and Constitutional Values* is a sketch of this new framework in which constitutionalism and judicial accountability become defining characteristics. In the text the author provides, for the first time, a comprehensive review of case law principles in non-technical terms that are central to today's personnel management and decision-making: First Amendment freedoms, procedural due process, equal protection of the laws with respect to anti-discrimination, affirmative action, and compensation, and governmental and official liability. The author concludes that although excessive legalism may undoubtedly cause administrative timidity, a constitutionally competent administrator should be able to overcome this timidity; more important, a democratic administration grounded in constitutional values promises the best of all possible alternatives. This book is an invaluable addition to education and training for the students of public administration, as well as public administration practitioners at all levels in the United States. It also provides an important insight for the scholars of public administration in other parts of the world.

**Narrative Art and Poetry in the Books of Samuel** Jan Fokkelman, 2018-08-14 *Narrative Art and Poetry in the Books of*

Samuel is the vast undertaking to interpret all the material in Samuel. Everything that the text has to offer can only be understood and appreciated to the full, and its interpretation can only lay claim to full validity by means of an integral view. Therefore the author has developed a textual model which regards and covers the composition of the Samuel books as a hierarchy of twelve levels. This volume bridges the gap between volume I and II. Throne and City carries on the work according to the principles of a sound and independent narratology. It differentiates II Sam. 2-5:5 (Act IX) and 5:6-18 (Act X) as the two final phases of David's long march to pow
