Advice Online Miriam A. Locher, 2006 Advice Online presents a comprehensive study of advice-giving in one particular American Internet advice column, referred to as 'Lucy Answers'. The discursive practice investigated is part of a professional and educational health program managed by an American university. The study provides insights into the linguistic realization of both asking for and giving advice in a written form and thus adds to the literature on advice columns as a specific text genre, on advice in health care contexts, and on Internet communication. The book offers a comprehensive literature review of advice in health encounters and other contexts, and uses this knowledge as a basis for comparison. Advice Online demonstrates how qualitative and quantitative research methods can be successfully combined to arrive at a comprehensive analysis of a discursive practice. It provides essential information on advice-giving for researchers, academics and students in the fields of (Internet) communication, media studies, pragmatics, social psychology and counseling. Health educators who work for advice columns or use similar forms of communication will also benefit from the insights gained in this study.

The Stars in the Night: Harry Fletcher is a confident young man. Harry's sure that he will marry Nora MacTiernan, no matter what their families say. He's certain that he will always be there to protect Eddie, the boy his father saved from the gutters of Port Adelaide. Only the War to End All Wars might get in the way of Harry's plans... From the beaches of Semaphore to the shores of Gallipoli, the mud of Flanders to the red dust of inland South Australia, this is a story of love, brotherhood, and resilience.

*** *Golgotha*: 1916, the Western Front. There are some crimes that transcend the horrors of war, and the rumour of a soldier being found in no man's land crucified to a church door threatens to cause a mutiny in the trenches. To placate the troops, allied HQ orders four soldiers pulled from the ranks of each army to investigate the crime and bring the perpetrator swiftly to justice. What a Canadian ex-Mountie, an Australian beat cop, a constable from Scotland Yard, and their military intelligence commander discover will not only save the lives of the comrades, but may well save the entire war. Full of factual events and historic occurrences, *Golgotha* looks into one of the darkest events to occur during the First World War.

*** *Nursing Fox*: At the outbreak of World War I, Lucy Paignton-Fox enlists in the Australian Army Nursing Service and leaves her family's cattle station in the Northern Territory to join the war effort. During the Gallipoli campaign she serves in hospitals in Egypt, but when the Anzacs are posted to France she moves with them. A talented and spirited nurse, with dreams of one day becoming a doctor, Lucy finds more opportunities than she ever imagined: working alongside doctors and surgeons, sharing the soldiers' dangers, helping them through their pain, and making lifelong friends. But with war comes suffering. Lucy sees it all

around: sorrow, disease and death. How long can she stay separated from it all? Nursing Fox details the experiences of Australian nurses during the Great War. It honours their journeys and shows the impact that the nurses had on the soldiers with whom they crossed paths.

Counselling in the Voluntary Sector Nicholas Tyndall,1993 Nicholas Tyndall has drawn upon his extensive experience of counselling and training in personal and family organizations to provide a comprehensive picture of the voluntary sector. In

his clear, accessible style, he outlines the beginnings of counselling in Britain and charts the development of the growing number of specialist and generic agencies. The book is written in the firm belief that the voluntary sector can combine what is best in the amateur and the professional. Its scope and practices are explored. Methods of selection, training and supervision of counsellors are compared, and the challenges facing staff and management committees are examined. The book highlights the strengths and weaknesses of voluntary counselling, and identifies the need to improve equal opportunities, fill new gaps and develop inter-agency collaboration. The author has harsh words for public bodies which have high expectations of volunteers but are not prepared to meet the cost. He offers helpful advice for existing agencies and those wanting to improve their personal services, and guidance to individuals who are interested in becoming counsellors.

The Woven Figure George F. Will, 1998-10-20 Swatches From The Century's End ...I cannot deny my past to which my self is wed, the woven figure cannot undo its thread. Louis MacNeice, Valediction These words express a truth of conservatism that has discomfited conservatives in the years covered by this volume. This collection of columns shows how, in the mid-1990s, conservatives fancied themselves poised to conduct a revolution, a radical reorientation of politics and governance. But in the late 1990s, they have discovered how resistant a complex nation is to being undone and rewoven. In this volume, George F. Will, distinguished political columnist and cultural critic, examines many episodes of the conservative tribulations and the liberal accommodations to the new political landscape. These writings present a map of the landscape, a guide for people perplexed by the gap between contemporary political theories and practices. With his customary linguistic

flair and acerbic wit, Mr. Will tackles a wide range of subjects, including political correctness on college campuses; extreme fighting; the 1996 presidential campaign; judicial activism; ESPN; and Corvettes. These writings are history written on deadline, and together they constitute a richly woven tapestry of our era.
