The Book of the Cave of Treasures E. a. Budge Budge, Sir Ernest Alfred Wallis Budge, 2005-01-01 And in the days of Nimrod, the mighty man (or giant), a fire appeared which ascended from the earth, and Nimrod went down, and looked at it, and worshipped it, and he established priests to minister there, and to cast incense from it. From that day the Persians began to worship fire...-from The Fourth Thousand Years One of the most prolific and respected Egyptologists of the Victorian era, Budge here offers his translation of the 4th-century A.D. Syrian text commonly known as the Cave of Treasures, a history of the world from the Creation to the crucifixion of Christ and considered by some to be an apocryphal book of the Bible. Budge's extensive notes, linking the work to other ancient writings, as well as the numerous illustrations, make this unusual work, first published in 1927, an excellent resource for students of ancient civilizations and comparative mythology. SIR E. A. WALLIS BUDGE (1857-1934) was curator of Egyptian and Assyrian antiquities at the British Museum from 1894 to 1924. Among his many works of translation and studies of ancient Egyptian religion and ritual is his best-known project, The Egyptian Book of the Dead.

**Conceiving the Indian Buddhist Patriarchs in China** Stuart H. Young, 2015-02-28 Āśvaghoṣa, Nāgārjuna, and Āryadeva are among the most celebrated Indian patriarchs in Asian Buddhist traditions and modern Buddhist studies scholarship. Scholars agree that all three lived in first- to third-century C.E. India, so most studies have focused on locating them in ancient Indian history, religion, or society. To this end, they have used all available accounts of the Indian patriarchs' lives—in Sanskrit, Tibetan, various Central Asian languages, and Chinese, produced over more than a millennium—and viewed them as bearing exclusively on ancient India. Of these sources, medieval Chinese hagiographies are by far the earliest and most abundant. Conceiving the Indian Buddhist Patriarchs in China is the first attempt to situate the medieval Chinese hagiographies of Āśvaghoṣa, Nāgārjuna, and Āryadeva in the context of Chinese religion, culture, and society of the time. It examines these sources not as windows into ancient Indian history but as valuable records of medieval Chinese efforts to define models of Buddhist sanctity. It explores broader questions concerning Chinese conceptions of ancient Indian Buddhism and concerns about being Buddhist in latter-day China. By propagating the tales and texts of Āśvaghoṣa, Nāgārjuna, and Āryadeva, leaders of the Chinese sangha sought to demonstrate that the means and media of Indian Buddhist enlightenment were readily available in China and that local Chinese adepts could thereby rise to the ranks of the most

exalted Buddhist saints across the Sino-Indian divide. Chinese authors also aimed to merge their own kingdom with the Buddhist heartland by demonstrating congruency between Indian and Chinese ideals of spiritual attainment. This volume shows, for the first time, how Chinese Buddhists adduced the patriarchs as evidence that Buddhist masters from ancient India had instantiated the same ideals, practices, and powers expected of all Chinese holy beings and that the expressly foreign religion of Buddhism was thus the best means to sainthood and salvation for latter-day China. Rich in information and details about the inner world of medieval Chinese Buddhists, *Conceiving the Indian Buddhist Patriarchs in China* will be welcomed by scholars and students in the fields of Buddhist studies, religious studies, and China studies.

The Book of the Cave of Treasures Anon, 2023-04-20 Despite its Harry Potter-like title, *The Book of the Cave of Treasures* is actually a rich seam of Jewish and Christian apocryphal lore, by means of which its 5th century author frames the story of Jesus in a truly cosmic context – as the inevitable conclusion of God's redemptive plan for humanity, set in train since the expulsion of Adam and Eve from Paradise. Along the way we are treated to a feast of extra-Biblical details: of the life of the Patriarchs; of the Wind-Flood that overthrew Ur of the Chaldees, Abraham's home; of the mysterious Priest-King Melchizedek; the origin of the Magi; the genealogy of Mary; and Adam's secret burial at the 'navel of the world', the very spot where Christ was later crucified. Translated from the Syriac by Sir E. A. Wallis Budge, former curator of Egyptian and Assyrian Antiquities at the British Museum, the book is extensively annotated, and contains 21 illustrations. -Print ed.

**Buddhist Pilgrim-Monks as Agents of Cultural and Artistic Transmission** Dorothy C. Wong, 2018-04-28 The period ca. 645-770 marked an extraordinary era in the development of East Asian Buddhism and Buddhist art. Increased contacts between China and regions to both its west and east facilitated exchanges and the circulation of ideas, practices and art forms, giving rise to a synthetic art style uniform in both iconography and formal characteristics. The formulation of this new Buddhist art style occurred in China in the latter part of the seventh century, and from there it became widely disseminated and copied throughout East Asia, and to some extent in Central Asia, in the eighth century. This book argues that notions of Buddhist kingship and theory of the Buddhist state formed the underpinnings of Buddhist states experimented in China and Japan from the late seventh to the mid-eighth century, providing the religio-political ideals that were given visual expression in this International Buddhist Art Style. The volume also argues that Buddhist pilgrim-monks were among the key agents in the transmission of these ideals, the visual language of state Buddhism was spread, circulated, adopted and transformed in faraway lands, it transcended cultural and geographical boundaries and became cosmopolitan.

highlights two related bases for the current revolution in Jesus studies: (1) a critically-chastened world view that is satisfied with provisional results and (2) a creative (or poetic) use of the sources of study of Jesus.

Rabbi Shlomo Goren Shalom Freedman,2006 Chief Rabbi Brigadier-General Shlomo Goren (1918-1994) made a unique and unforgettable contribution to the Jewish people. More than any other person, he embodied the ancient ideal of being both a great Jewish scholar and a remarkable soldier in the service of God and the Jewish people. He was the first chief rabbi of the Israeli Army (and later of Israel) and the most significant formative force in creating the Jewish nature of the army. His great genius in learning is reflected not only in his pioneering work in Jewish law and his monumental scholarship on the Jerusalem Talmud, but in a wide variety of books touching upon almost all areas of modern Jewish life and thought. His service as a soldier for Israel involved him in most every possible kind of duty from childhood smuggling of arms for the Haganah to serving as a sniper in the War of Independence, from the holy and dangerous task of retrieving bodies from the field of battle behind enemy lines, to the moments of glory when he served as an inspirational presence in notable battles, and most memorably in the 1967 war, where he is well remembered for his part in the recapture of the Old City of Jerusalem, the Western Wall, and the Temple Mount.
