Alistair M. Duckworth

Here Goes Nothing Emma K. Ohland, 2024-11-05 A fun yet thought-provoking modern reimagining of Shakespeare's *Much Ado About Nothing*. Eighteen-year-old Beatrice has never been a fan of her neighbor Bennie, but when Beatrice's beloved younger sister starts dating one of Bennie's closest friends, Beatrice is drawn into their social circle. As Beatrice wrestles with increasingly confusing feelings for Bennie, her usually close relationship with her sister is fraying, her grief over their mother's death is simmering in the background, and she's overwhelmed by looming senior-year decisions about what she wants to do with her life. But after a crisis arises, Beatrice must figure out how to process past traumas and open up to the possibilities of the future.

The Hero's Journey Harold Bloom, Blake Hobby, 2009 The hero's journey, a quest that leads to self-discovery, has been central to literature since the earliest epics. Covering the role of the hero's journey in *Beowulf*, *The Lord of the Rings*, *Moby-Dick*, and *To Kill a Mockingbird*, *The Hero's Journey* contains about 20 original and reprinted essays and critical analyses that discuss the role of the title's subject theme in a great work of literature.

The Improvement of the Estate Alistair M. Duckworth, 2020-03-24 Originally published in 1994. In *The Improvement of the Estate*, Alistair Duckworth contends that understanding *Mansfield Park* is fundamental to appreciating Jane Austen's body of work. Professor Duckworth understands *Mansfield Park* as underscoring the central uniting theme in Austen's work—her concept of the estate and its improvement. The author illustrates Austen's connection to the values of Christian humanism, which she conveys through the uniting theme of estate improvement. According to Duckworth, the estate represents moral and social heritage, so the manner in which individuals seek to improve their estates in Jane Austen's novels represents the direction in which she saw the state and society moving. Finally, Duckworth underscores Austen's awareness of the importance of a society of individuals whose behavior is socially informed.

Gendered (Re)Visions Marion Gymnich,Kathrin Ruhl,Klaus Scheunemann,2010-11-17 In academic as well as in public debates audiovisual media have often been accused of perpetuating gender stereotypes and of confronting viewers time and again with traditional role models and binary concepts of masculinity and femininity. In recent years, films, television series and music videos increasingly have shown women and men who transgress the traditional gender dichotomy. One of the

central ideas behind this volume is the attempt to bring together explorations of 'gendering' in different audiovisual media. The contributions seek to explore in particular shifting constructions of femininity and masculinity and aim to provide further insight into the media- and genre-specific ways of constructing, perpetuating and challenging gender concepts in audiovisual media, taking into consideration the interplay of the different levels on which gendering occurs in them. Thus, two articles in the present volume address the processes of constructing, perpetuating and challenging notions of femininity and masculinity in music videos, while other contributions are dedicated to the analysis of gendering in films and/or TV series.
