Mary Jo Hinsdale

An Evolving Love Story Shelagh Kennett, 2025-07-22 What happens when a lover of heartwarming stories and fairy tales learns that happy endings aren't forever? When they face the end of a marriage, a cancer diagnosis, and betrayal from their coworkers? When everything seemed to be falling apart, Shelagh Kennett learned what happened—that losing these “happily ever afters” wasn't the end. Her love story was simply still evolving, and she could still craft a successful, fulfilling life. In *An Evolving Love Story*, Kennett, a career coach and lover of inspiring quotes, uses personal stories of overcoming defeat, life-threatening illness, divorce, and disappointment to offer pathways toward personal growth. Guiding you through fifteen insights and practices for making necessary changes, reclaiming empowerment, and understanding that the universe has your back, *An Evolving Love Story* is your toolkit to starting over, to stepping back into the daily process of self-love, and living the life you want.

Mutuality, Mystery, and Mentorship in Higher Education Mary Jo Hinsdale, 2015-03-17 This book is for higher education faculty and staff who wish to deepen their approach to mentoring all students, but it is especially concerned with “outsider” students – those who come from groups that were long excluded from higher education, and who have been marginalized and minoritized by society and academia. Mentoring is difficult work for an abundance of reasons, and – given higher education's troubled history of exclusion, as well as a contemporary context fraught with social and power imbalances – it can be especially challenging when the mentorship takes place across dimensions of difference such as social class, race, ethnicity, sexuality, gender, or ability. *Mutuality, Mystery, and Mentorship in Higher Education* examines the seemingly spontaneous and serendipitous connection between mentor and protégé, and points to a new vision of mentorship based on a deep sense of reciprocity between the two. Hinsdale proposes that if more mentors take a responsive, decolonizing approach to their work across difference, then the promise of social and class mobility through education might be realized for more of our students and the tide might begin to turn toward an increasingly inclusive, intellectually open academy.

Leadership Gender And Culture In Education Collard, John, Reynolds, Cecilia, 2004-10-01 This rich explorative book examines the intricacies of gender, sexuality, ethnicity and class and how these complex influences weave their patterns in the daily lives of leaders. It achieves the difficult balance between acknowledging differences as well as unifying elements. The book also raises many questions about the context for leadership and examines the central issues of: leadership for

what? What are leaders there to do - and for whom? To ensure that students achieve higher examination scores, or to promote equity and social justice? This book offers many fresh insights into these and other important questions. Professor Kathryn Riley, Institute of Education, University of London This book features chapters by leading international scholars on gender and educational leadership. Drawing on research in schools in the United Kingdom, Australia, New Zealand, Sweden, the United States and Canada, it introduces new discussions about the impact of gender, race, class, institutional setting and recent ideologies on leadership discourses. The book shows how early research has over-emphasized gender stereotypes and tended to simplify and polarize the ways men and women lead. Looking at differences and similarities in how men and women take on and exercise leadership roles, the authors counter essentialist claims based on biological, psychological and sociological theories that stress gender difference. The discussions employ sophisticated understandings of gender relations and leadership discourses in today's globalized context. The book is for students and scholars studying leadership and for leaders in different educational contexts around the world.

The Oxford Handbook of Taboo Words and Language Keith Allan, 2019 This volume brings together experts from a wide range of disciplines to define and describe taboo words and language and to investigate the reasons and beliefs behind them. It examines topics such as impoliteness, swearing, censorship, taboo in deaf communities, translation of tabooed words, and the use of taboo in banter and comedy.

Leadership for Social Justice Catherine Marshall, Maricela Oliva, 2006 This reader on key issues in Social Justice is written by well-known experts in the area and edited by the leading authorities in the field. The book is divided into 3 distinct parts: Re-defining Leadership for Social Justice; Preparing Social Justice Leaders; and Next Steps, to mobilize to action as well as to make information accessible and useful. This book challenges leaders, educators and researchers to be effective advocates for social justice. It demonstrates how the current realities in educational leadership training and in school practices re-create inequities. It provides an array of ways of understanding the effects of exclusionary practices as well as constructive exercises and materials for those who will lead students and staffs to create equitable practices.

The Oxford Handbook of Child Psychological Assessment Donald H. Saklofske, Cecil R. Reynolds, Vicki L. Schwean, 2013-04-25 This handbook surveys clinical and educational considerations related to the foundations, models, special topics, and practice of psychological assessment.
