Alternative Scriptwriting Ken Dancyger, Jeff Rush, 2013-10-28 Learn the rules of scriptwriting, and then how to successfully break them. Unlike other screenwriting books, this unique guide pushes you to challenge yourself and break free of tired, formulaic writing--bending or breaking the rules of storytelling as we know them. Like the best-selling previous editions, seasoned authors Dancyger and Rush explore alternative approaches to the traditional three-act story structure, going beyond teaching you how to tell a story by teaching you how to write against conventional formulas to produce original, exciting material. The pages are filled with an international range of contemporary and classic cinema examples to inspire and instruct. New to this edition. New chapter on the newly popular genres of feature documentary, long-form television serials, non-linear stories, satire, fable, and docudrama. New chapter on multiple-threaded long form, serial television scripts. New chapter on genre and a new chapter on how genre's very form is flexible to a narrative. New chapter on character development. New case studies, including an in-depth case study of the dark side of the fable, focusing on *The Wizard of Oz* and *Pan's Labyrinth*.

The Stranger from Omaha Jason Sperb, 2025 Alexander Payne's directorial career began with the satiric hit *Citizen Ruth* and continued with other successes, such as *Election*, *About Schmidt*, *The Descendants*, *Nebraska*, and most recently *The Holdovers*. Jason Sperb here provides the first monographic study on Payne's career and auteurship, focusing on the theme of travel through his films. Drawing on theories of tourism, whiteness, masculinity, nostalgia, and class, Sperb structures his book using typical filmic plot points, moving from Payne's backstory to the status quo his characters find themselves in before a catalyst spurs them to begin a journey that leads to a crisis and then of course resolution. He uses each point to explore various of Payne's films, such as exploring how the characters' status quo in *About Schmidt*, *The Descendants*, and *Downsizing* lead them to a white savior mentality to help others with less privilege. Through the characters' journeys, Sperb is able to focus on the Midwesternness of Payne's films, even those that are located elsewhere, based on Payne's roots in Omaha and his love of Westerns. He concludes by examining the ways in which Payne's characters finish their journeys, not necessarily by addressing past crises or having a moment of growth, but with fleeting moments of emotional release or experiencing moments of grace from others--

Healthcare Ethics on Film M. Sara Rosenthal, 2020-09-30 This book is a companion to *Clinical Ethics on Film* and deals

Healthcare Ethics on Film is the perfect tool for remote or live teaching. It's designed for medical educators and healthcare professionals teaching any aspect of bioethics, healthcare ethics or the health sciences, including medical humanities, history of medicine and health law. The eye is cursed, and whoever retrieves it will be knocked into a deep sleep for a thousand years. But Mal has a plan to capture it. She'll just need a little help from her friends. In their quest for the Dragon's Eye, these four kids begin to realize that just because you come from an evil family tree, being good ain't so bad.
