**Happiness Is an Inside Job** Sylvia Boorstein, Ph.D., 2008-12-30 How can we stay engaged with life day after day? How can we continue to love—to keep our minds in a happy mood—when life is complex, difficult, and, often, disappointing? Bestselling author and beloved teacher Sylvia Boorstein asked herself these questions when she started to write this inspiring new book. The result is her best work to date, offering warm, wise, and helpful ways we can experience happiness even when the odds are against us. As Boorstein has discovered in more than three decades of practice as a professional psychotherapist, the secret to happiness lies in actively cultivating our capacity to connect with kindness: with ourselves; with friends, family, colleagues; with those we may not know well; and even with those we may not like. She draws from the heart of Buddhist teachings to show how Wise Effort, Wise Mindfulness, and Wise Concentration can lead us away from anger, anxiety, and confusion, and into calmness, clarity, and the joy of living in the present. These qualities strengthen our ability to meet encounters of every kind with balance and intelligence, providing us with a grounded sense of true contentment. *Happiness Is an Inside Job* resonates with the knowledge of a psychotherapist, the compassion of a spiritual teacher, and the wisdom of a grandmother. Boorstein's vivid stories capture our minds and our hearts, and the simple exercises she suggests can be done while you read. This beautiful book is comforting and reminds us that life is a shared journey, that our hearts truly do want to console and love our fellow sojourners, and that living happily is indeed the best way to live.

**It's All in Your Head** Stephen M. Pollan,Mark Levine,2009-10-13 Here are the simple truths that motivate people of any age to find and accept lasting happiness, illustrated with the stories of real people, and illuminated with the observations of spiritual leaders and great philosophers. For more than three decades, attorney, financial consultant, and life coach Stephen

M. Pollan has been advising clients and readers on the business of living—everything from home buying and employment contracts to marriage and parenting. He has taught his clients and readers to *Die Broke* (use assets rather than build up an estate), to stage *Second Acts* (reinvent their lives), and, most recently, to *Fire Your Boss* (take charge of their own work lives). Throughout these books, Pollan stresses that attitudes as well as actions are essential to success. Indeed, over the years he realized that the happiest and most successful people he'd met were also those who were the most energetic and exuberant, regardless of their age. By noting these attributes and incorporating them in his own life, Pollan came to understand that our attitudes are not just one element of succeeding at the business of living, they are in fact the foundation of leading a happy life. Attitude is everything. Those attitudes most essential to our deepest satisfaction and happiness reflect what our spiritual leaders and philosophers from every major tradition have taught us. We don't have to look to external forces to validate us and give us self-worth. We already have within us all we need to find fulfillment and lead happy, satisfying lives—lives without regrets. To finally be happy we need to accept responsibility for our own happiness. When we know the secrets are already inside us, all we have to do is start living them. With this book, we can begin now.

**Pursuit of Happiness** David G. Myers, 1993-06-01 Social psychologist David G. Myers has reviewed thousands of recent scientific studies conducted worldwide in search of the key to happiness. With wit and wisdom, he explodes some of the popular myths on the subject and presents specific techniques for finding true joy in living: Are most people happy? What are the inner traits of happy people? Are extroverts happier than introverts? Are men happier than women? Does religious faith promote inner peace and joy? Does well-being come with being well-off? Are happy children more likely to become happy adults? What part do friends play in personal happiness? Is age a factor in feeling happy? What can you do to improve your own sense of well-being? and much more
