Rod Suskin

Sacred Dance of Venus and Mars Michele Finey, 2011-10-01 A beautiful book which for the first time explores the relationship between the cycles of Venus and Mars and their impact on our lives. Using many case histories the author shows how, although synastry is important, possibly of greater importance is the aspect between the two planets within their cycles because that can dictate the timing of key moments in a relationship. She shows how the degree of the original conjunction between the two planets ('the degree of passion'), based on the time of birth can indicate the kind of the people we are attracted to and the course a romance can follow. A really absorbing book which will prompt hours of research

Smiles Astrology: All About Aspects Lyndsie Lawry, Learn all about Aspects in a Natal and Synastry Chart. Midheaven and Soulmate Aspects included.

Synastry Rod Suskin, 2008 Synastry puts relationships under the cosmic microscope of astrology—offering an insightful perspective on the dynamics that drive all personal interactions. Rod Suskin, the author of *Cycles of Life*, blends traditional methods with modern techniques in this introduction to synastry. His step-by-step approach begins with interpreting an individual's birth chart to pinpoint relationship needs and behaviors. Next, you'll learn chart comparison techniques—involving the elements, inter-chart aspects, planets in aspect, the fifth house, dignities, and other astrological factors—to determine the compatibility and longevity of a relationship. Synastry will help you explore many critical issues that affect relationships: communication habits, values, feelings of self-worth, sex drive, life goals, attitudes toward money and children, karma, and more. For the professional astrologer, there is also advice for conducting client consultations with sensitivity and objectivity.

It covers attraction, endurability and mental agreement as well as the position of Saturn. From interchart aspects to cross-chart house connections, all the major tricks of the synastry trade are explained in this book. Lois Haines Sargent's well written, well read volume has been a best seller ever since its first printing in 1958.

Synastry Mars in Signs and Houses Combinations 12andus Astrology, 2025-06-18 This book explores the meaning of

Mars' position in the signs and houses in synastry, offering detailed interpretations of all 144 combinations. Gain valuable insight into how these placements shape relationship dynamics, compatibility, and personal connection. A sample reading: Synastry Mars in Sagittarius in the other person's 6th house In your shared astrological narrative, Person1's Mars finds its expression in the Sagittarian spirit within Person2's sixth house. This placement offers a unique dynamic to your relationship, shaping the way you both interact and influence each other. Person1, your Mars in Sagittarius brings an adventurous and enthusiastic energy to the relationship. You are likely to inspire Person2 with your optimism, constantly seeking knowledge and new experiences. Your energy encourages exploration and expansion, pushing boundaries and challenging the status quo. Yet, it's crucial to be mindful of how this energy plays out in Person2's life, particularly because it's occurring in their sixth house, a domain associated with routine, work, and health. Person2, with Person1's Mars in your sixth house, you may find that their energy and adventurous spirit directly influence your daily routines, health habits, and work life. This could manifest as Person1 encouraging you to be more spontaneous in your daily life, to take risks in your professional endeavors, or to adopt a more optimistic outlook on your health and wellness. However, this energy can also be overwhelming at times, as the sixth house is typically a space of order and routine, which can be disrupted by the Sagittarian need for freedom and adventure. The key to navigating this placement is understanding and respecting the different needs and inclinations it brings out in both of you. Person1's adventurous spirit can breathe new life into Person2's routines but should be mindful not to push too far and disrupt Person2's need for order. Person2, on the other hand, can benefit from Person1's optimism and adventurousness but should also ensure to maintain balance and not lose sight of their routine and order. Person1's Mars in Sagittarius in Person2's sixth house brings an interesting dynamic to your relationship. It is a blend of adventure and routine, optimism and order. This placement invites you both to explore new possibilities while also being mindful of the need for stability and order. It is a delicate dance between freedom and structure, which, when navigated with understanding and respect, can add a unique depth to your relationship.

Real Life Astrology: The Cross of Matter Sara Shipman, 2022-09-19 The Ascendant. The Descendant. The Midheaven. The Nadir. The angles of your birth chart represent the points where the energies of the planets make contact with reality in the most tangible sense - and that's because of their associations with the most important things in your life - your family, your partner and your career and - most of all - yourself. All of those things are the most important factors in determining your sense of who you are. The lines that connect those points form a cross known as the 'Cross of Matter' and it symbolises the current incarnation of your spirit on this earth. In astrology, the Cross of Matter is important because it provides the foundation for accurate natal chart interpretation. If you want to know how to deal with the realities of your existence and keep things held together, the Cross of Matter will tell you everything you need to know. In this book, Sara Shipman explains what the Cross of Matter represents in everyday terms, and she shows you how to interpret your cardinal points - the
