**Spider-Man: Into the Spider-Verse** Charlie Michael, 2024-06-28 Exploring the dynamic genres of animation and comic book films, this book examines the transmedia role of Spider-Man: Into the Spider-Verse (2018) and its critical involvement in attempts to diversify representations in youth-oriented cinema and culture. Several years after the movie's immense commercial and critical success, a look back on the innovative features of Spider-Man: Into the Spider-Verse shows how the film's force derives from its thoughtful depiction of Miles Morales – a young, Afro-Latino superhero who must face systemic obstacles his white predecessor never worried about. Engaging a web of pressing topics in the field – from transmedia storytelling to identity formation and minority representation – this book offers an accessible analysis of the hypertextual design and animation techniques, which help this film to sensitively confront the combustible dynamics of racial representation in contemporary American youth culture. Written in an approachable style, this book is suitable for undergraduates, postgraduates, and specialists in the field. It is a versatile resource for media studies, film studies, animation studies, and cultural studies courses, but will also appeal to fans seeking to investigate the thematic underbelly of Into the Spider-Verse.

**Transmedia Applications in Literacy Fields** DeHart, Jason D., 2024-07-26 In the ever-changing digital age, storytelling and literacy are constantly evolving, presenting new and exciting challenges and opportunities for educators, researchers, and students alike. As audiences continue to interact with stories across numerous media platforms, from traditional print to digital mediums, it is becoming increasingly important to understand how these different forms of storytelling shape literacy practices. Unfortunately, the existing literature often fails to explore this complex interplay between media and literacy in a

comprehensive way, preventing researchers from getting a full picture of these realities. *Transmedia Applications in Literacy Fields* addresses the critical gap in our understanding of transmedia storytelling and its impact on literacy development. By bringing together a diverse range of perspectives from leading scholars and educators, this book provides a comprehensive overview of how readers and viewers navigate the rich tapestry of stories across media. Through detailed case studies, classroom vignettes, and ethnographic examinations, readers gain valuable insights into the evolving nature of literacy in the digital age.

**Better Must Come** Desmond Hall, 2024-06-04 Barely Missing Everything meets American Street in this “well-plotted, taut page-turner” (Booklist, starred review) that looks at the darker side of light-filled Jamaica and how a tragedy and missing drug money helplessly entangle the lives of two teens who want to change their fate. Deja is a “barrel girl”—one of the Jamaican kids who get barrels full of clothes, food, and treats shipped to them from parents who have moved to the US or Canada to make more money. Gabriel is caught up in a gang and desperate for a way out. When he meets Deja at a party, he starts looking for a way into her life and wonders if they could be a part of each other’s futures. Then, one day while out fishing, Deja spies a go-fast boat stalled out by some rocks, smeared with blood. Inside, a badly wounded man thrusts a knapsack at her, begging her to deliver it to his original destination, and to not say a word. She binds his wounds, determined to send for help and make good on her promise...not realizing that the bag is stuffed with \$500,000 American. Not realizing that the posse Gabriel is in will stop at nothing to get their hands on this bag—or that Gabriel’s and her lives will intersect in ways neither ever imagined, as they both are forced to make split-second choices to keep the ones they love most alive.
