

Outcry In The Barrio

Paul Ryan

Outcry in the Barrio Freddie García, Ninfa García, 1988

Street Saints Barbara J. Elliott, 2004-09 Based on eight years of hands-on experience and more than 300 interviews, *Street Saints* is both a book of motivational stories about unsung heroes and a sociological study of the faith factor, documenting faith-based programs that are treating social maladies in America. This book takes readers on a tour of communities and institutions in America where faith-based initiatives are making a difference. It offers inspiration, role models, and guidelines for people who would like to give back to their own communities.

The Way Forward Paul Ryan, 2014-02-18 From the intellectual leader of the Republican party, an unvarnished look into the state of the conservative movement today and a clear plan for what needs to be done to save the American Idea. *The Way Forward* challenges conventional thinking, outlines his political vision for 2014 and beyond, and shows how essential conservatism is for the future of our nation. Beginning with a careful analysis of the 2012 election--including a look at the challenge the GOP had in reaching a majority of voters and the prevalence of identity politics--Ryan examines the state of the Republican party and dissects its challenges going forward. *The Way Forward* also offers a detailed critique of not only President Obama but of the progressive movement as a whole--its genesis, its underlying beliefs and philosophies, and how its policies are steering the country to certain ruin. Culminating in a plan for the future, *The Way Forward* argues that the Republican Party is and must remain a conservative party, emphasizing conservatism in a way that demonstrates how it can modernize and appeal to both our deepest concerns and highest ideals.
