Seven Plants to Save the World Karl Elliot-Gough, 2025-05-27 A path-defining exploration of herbs which, using only seven key plants, provides a revolutionary guide on how you can support the planet and all humankind. Born from nearly a decade of working solely and closely with these seven plants, Karl Elliot-Gough's groundbreaking book presents a new paradigm for understanding our relationship with plants, encouraging all who work with herbs and nature to embark on a journey of sustainability, prosperity and health. With a blend of traditional and scientific research, Elliot-Gough uses these seven key plants - nettle, dandelion, yarrow, plantain, cannabis, hawthorn and blackberry - in a pioneering analysis of the ways in which the bounty of nature can transform not only the health of the individual, but also act as a guide in developing a more sustainable, respectful and abundant world. *Seven Plants to Save the World* is a bold testimony to the limitless opportunities that the plants can offer humanity, outlining the surprising possibility of systemic change through which the world can become harmonious and sustainable with everyone thriving, as opposed to hardly surviving. The book begins with seven monographs of the individual plants which explore their folklore and traditional usage, the scientific evidence, a range of industrial applications, along with information on foraging, harvesting, recipes and more. The second half of the book presents an innovative compendium of solutions, in which plants are instrumental in sustaining and developing global systems for the benefit of the planet and humanity. These systems include healthcare, economics, industry, agriculture and culture. Elliot-Gough unpicks how plants can guide us in developing a more sustainable future within these systems, benefiting the planet as a whole. *Seven Plants to Save the World* provides readers with a path to feel emboldened and optimistic in a world which often seeks to suppress systemic change, as well as offering real and practical guidance in implementing such change in our own lives and communities, for the good of the planet and every living thing.

God's Ground John Brophy, 2017-04-25 This is a realistic science fiction adventure set at the beginning of the space tourism boom. Desperate to escape her violent husband, twenty-year-old Tesla Miller kidnaps her infant son and takes him with her to the Sky City Resort and Casino where she believes they can safely hide. Located six hundred miles above the surface of the Earth, Sky City is the newest and largest space resort designed to provide tourists access to the one thing, the only thing, you can't get on Earth—the absence of gravity. Experience life in zero-gravity with the beautiful Tesla Miller as

she and her son learn to adapt to their home in low-Earth orbit. Tesla's life is complicated by the job she took in desperation to escape her husband, her introduction to the architect of the Sky City resort, and her increasing concern over the long-term effects that growing up in zero-gravity will have on her son. After living in space longer than anyone in history, Tesla discovers two facts about life in zero-gravity that change the course of history and make her famous. What did she discover, and why is her life and the lives of everyone she cares about now in danger?

The Blind A.F. Brady, 2017-09-26 A razor-sharp debut about a woman who goes so far off the deep end, she might never make it back up... Sam James has spent years carefully crafting her reputation as the best psychologist at Typhlos, Manhattan's most challenging psychiatric institution. She believes if she can't save herself, she'll save someone else. It's this savior complex that serves her well in helping patients battle their inner demons, though it leads Sam down some dark paths and opens her eyes to her own mental turmoil. When Richard, a mysterious patient no other therapist wants to treat, is admitted to Typhlos, Sam is determined to unlock his secrets and his psyche. But she can't figure out why Richard appears to be so normal in a hospital filled with madness. As Sam gets pulled into Richard's twisted past, she can't help but analyze her own life, and what she discovers terrifies her. And so the mind games begin. But who is the savior and who is the saved? In this unexpected and addictive psychological debut, A.F. Brady takes readers into the psyche of a deeply disturbed woman desperately trying to keep her head above water, showing that sometimes what's most terrifying is what exists in your mind.

Another Anastasia Kathleen Hennessey, 2016-12-21 Anna Roman is not normal. For as long as she can remember, she has suffered from visions, which she blames on an overactive imagination. When these figments from her imagination start appearing at school, she assumes she has gone insane. But are these people imaginary, or are they from a past she can't seem to remember? After a kidnapping and a whirlwind trip to Russia, Anna discovers the truth: that she is Anastasia Romanov reborn and that her family never truly died. With the help of the infamous Rasputin, they were turned into vampires and are still alive today. But Anna is left wondering how she came to be reborn as she begins to remember her past lives. Anna might finally have the family she's always wished for, but she soon discovers that not everything is as it seems. The vampires are trying to start a war on humanity, and Anna has to pick what side she's really on.

Transforming Teams SPHR, SHRM-SCP, Claudia St. John, 2015-09-10 Human resources and management consultants are frequently asked to help their clients address fundamental breakdowns within their organizations. More often than not, these breakdowns occur between conflicting functional areas, such as sales and customer service, sales and operations, or creative and operations management. This book explains why the

The Zombie Chasers #3: Sludgment Day John Kloepfer, 2012-01-03 The third book in the heavily illustrated Zombie Chasers series by John Kloepfer. This fan-favorite is perfect for reluctant readers as well as fans of Diary of a Wimpy Kid and Dork Diaries. A zombie outbreak is spreading fast across America, but seventh-grader Zack Clarke; his best pal Rice; his

older sister Zoe; middle school queen bee Madison Miller; and Ozzie, the newest Zombie Chaser, have a plan to end this nightmare once and for all. They've figured out the cure to the zombie virus and now they're off on a wild zombie road trip from the heartlands to the badlands to defeat the evil genius behind the living dead apocalypse. Can they make it there in time or will Sludgment Day be the dawn of the dead? Featuring John Kloepfer's signature hilarious and gory descriptions, and Steve Wolfhard's hysterical black and white interior illustrations, Sludgment Day is an uproarious, gore-streaked addition to the ever-popular Zombie Chasers series!

The Modern Woman's Guide To Finding A Knight Anna Klein, 2017-10-01 'Well Well Well!!! What a little gem this was. The Modern Woman's Guide to Finding a Knight is a romance of old. I was charmed all the way as Connie and Dom found their own sweet HEA.' - Goodreads review All's Faire in love and war... Connie leads a double life. During the week, she is an up-and-coming designer and dressmaker, creating sleek, elegant gowns for the wealthy elite. But come the weekend, Connie becomes Lady Constance, a member of the House Felicitous at the local Renaissance Faire, creating beautiful historical garments for herself and her friends and teaching dancing to fair attendees. Fearing loss of business should her stylish clientèle discover her extracurricular activities, Connie keeps her professional life and her faire life carefully separate. However, everything changes when she's saved from certain death by Sir Justin: a rising star in the joust and an actual knight in shining armour. Behind his mask as Sir Justin, Dominic is confident and charismatic, but out of his armour, his courage fails him, and to his own horror he finds himself accidentally pretending to be his own best friend. Suddenly, he is in Connie's life as two different men: the elusive Sir Justin who courts her over the internet and from behind a suit of armour and Justin's 'best friend' Dominic who hangs out at her apartment and helps her move. The lie only grows bigger and Sir Justin finds himself faced with the most frightening challenge he can imagine: extricating himself from his lie and winning Connie's heart as his true self. But there's something rotten afoot at the Faire, something that threatens its future, the community that has grown there, and even Sir Justin's life. Will Lady Constance find the courage to step up and risk everything to defend her friends, save the Faire, and rescue her knight?

Three Daves Nicki Elson, 2010-02-16 Jennifer Whitney was the last American virgin. At least that's what she felt like in 1986 as she began her sophomore year at Central Illinois University. She was proud of her decision to wait for the right guy, and yet she was getting restless. It seemed like everyone around her was doing it... and having fun doing it, too. She didn't want to become the campus slut or anything, but surely there was a difference between a trashy skank and a nice girl with a little experience. Perhaps it was time to stop relying on fate to guide her and instead take matters into her own hands. And with that realization, Jen decided to find the one and lose her virginity, although not necessarily in that order... Nicki Elson has created a heroine that everyone will cheer for as she comes of age in the mid-1980s. Whether you lived through the decade and survived the bad hair and acid-wash jeans, or just heard the wild stories, readers of all ages will identify with Jen

Whitney as she searches for the one, enjoying her romantic ups and downs, made even more entertaining by Nicki Elson's amusingly wry sense of humor.
