**Quotationary - The A-Z Book of Quotations** Nasser Amiri,2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. Quotationary is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form. It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

*Voltaire's Correspondence* Nicholas Cronk,Glenn Roe,2020-11-12 Voltaire's correspondence has been described as his 'greatest masterpiece' – but if it is, it is also his least studied. One of the most prodigious correspondences in Western literature, it poses significant interpretative challenges to the critic and reader alike. Considered individually, the letters present a series of complex, subtle, and playful literary performances; taken together, they constitute a formidable, and even forbidding, ensemble. How can modern readers even attempt to understand such an imposing work? This Element addresses this question through the use of digital reading methods and resources that enhance our understanding of this complex literary object and its relationship to Voltaire's more canonical literary output, and indeed to the Enlightenment world at large. Nicholas Cronk and Glenn Roe provide scholars and students with new pathways into this particular corpus, using tools and approaches that can then be applied to correspondences and life-writing texts in all languages and periods.

Simon James and Robert Parker have collected the thoughts of tycoons, politicians, and economists, managing directors, shop stewards and typists in every aspect of that activity from the earliest barter to the consumer society,
