Hugh Rawson, Margaret Miner

Wolverine: Weapon X, Vol. 1: Adamantium Men Jason Aaron, 2010-04-28 In the jungles of Colombia, people are turning up dead, whole villages brutally slaughtered by a team of soldiers who move through the shadows like ghosts. On the streets of San Francisco, Logan learns that the files from the old Weapon X program, the blueprints for building Adamantium-laced super soldiers like himself, have fallen into the hands of the evil corporation, Roxxon. Once again, it seems, someone is looking to build the perfect killing machine. That means it's time for Wolverine to step in, and remind them that someone already did. *Wolverine: Weapon X* (2009) #1-5.

Shadows on the Road Jody Savage, 2025-09-21 Fog drifts across the Maine coastline, winding through Havenport's narrow back roads. For the cyclists who train there, the routes are both beautiful and unforgiving. When riders begin to turn up dead, the community's fragile sense of safety shatters, and whispers of a ghost rider take hold. Detective Claire Sandoval is determined to uncover the truth. Each victim carries a history, each scene leaves questions that refuse to settle, and every lead only deepens the mystery. With pressure rising, Claire must follow her instincts even as they point toward suspects who live in the space between grief and guilt. Nessa Greene, the reclusive artist with a fascination for death, knows more than she should. Marissa Lane, once a celebrated cyclist, hides behind bitterness and silence. Journalist Liam Harper circles the investigation, determined to connect Havenport's present fear to tragedies long buried. As the investigation unfolds, it becomes clear these murders are not random. The past is reaching into the present, and the truth threatens to upend the entire town. Set against the fog and rugged coastline of Maine, *Shadows on the Road* is a psychological suspense novel that blends atmosphere, mystery, and unforgettable characters. Perfect for fans of crime fiction and dark small-town thrillers, it delivers tension that lingers long after the final page.

Alien in the Mirror Maureen Foster, 2019-10-11 Directed by Jonathan Glazer (*Sexy Beast*, *Birth*) and starring Scarlett Johansson, the 2013 film *Under the Skin* contains elements of science fiction and fantasy, horror, mystery, and thriller. Arguably the most compelling of Johansson's career, the movie follows a unique tale of one woman's journey to self-discovery. This is the first book to be written about the quiet masterpiece, revisiting the film scene-by-scene through all its cinematic elements. Extensive interviews detail the challenges the filmmakers faced--from hidden filming on the streets of Glasgow to defying a blizzard in the Scottish Highlands. Readers are invited to explore connections between the movie and its science

fiction cousins and discover the reasons why *Under the Skin* deserves to find a wider audience.

The JailBird Diet Ken Smukler, 2023-06-23 Shaped by the unique stories of my time in federal custody, the JailBird Diet takes the reader into the world of incarceration that challenges the mind, body, and spirit at every turn. Out of the “shock and awful” of prison’s daily rituals comes a radical life change: the cleansing regimens, “superfoods,” and feeding disciplines I used to confront this new world and achieve radical weight loss. JailBird defines the tools of my diet journey that drove my 100 pound weight loss and shaped a new me. Based on the food and activity logs I kept in my daily prison journal, the JailBird Diet also provides a week-by-week story of the journey from my first day of surrender to the last days when the pandemic and solitary confinement threatened to leave me just pounds from my weight goal. In so doing, it provides the tools to replicate this kind of weight loss in the free world.

Horror Comics and Religion Brandon R. Grafius, 2024-12-05 While many genres offer the potential for theological reflection and exploration of religious issues, the nature of horror provides unique ways to wrestle with these questions. Since EC Comics of the 1950s, horror comics have performed theological work in ways that are sometimes obvious, sometimes subtle, but frequently surprising and provocative. This collection brings together essays covering the history of horror comics, from the 1950s to the present, with a focus on their engagement with religious and theological issues. Essays explore topics such as the morality of EC Comics, cosmic indifference in the works of Junji Ito, the reincarnated demons of the web-comic *The Devil is a Handsome Man*, religion and racial horror in comic voodoo, and much more.
