

Sistema De Informacion Mrp

L Manion

Management Information Systems Raymond McLeod,1998 This text enjoys a strong loyalty among instructors who adopt it. Focusing on the role of managers within an organization, the text emphasizes the development of computer-based information systems to support an organization's objectives and strategic plans. The General Systems Model is, introduced in Chapter 6, and implemented throughout the rest of the text.

La logística empresarial en el nuevo milenio Daniel Serra de la Figuera,2007-11 Este libro nace de un estudio sobre los nuevos retos de la logística empresarial en un entorno cada vez más globalizado y con unas nuevas tecnologías de la información y de las comunicaciones, realizado para el Centro de Economía Industrial de la Universidad Autónoma de Barcelona. Los temas tratados son muy actuales y novedosos en el campo de la logística como son la integración de la cadena de suministros, e-logística y la logística inversa. Además se hace un repaso de los temas tradicionales y su importancia en el entorno empresarial, que denominamos micrologística. También se incluye un capítulo sobre las políticas logísticas provenientes del sector público: la macrologística. La obra se complementa con casos sobre algunas experiencias empresariales. Finalmente se incluye un glosario sobre la terminología utilizada por los profesionales del sector.
