

Stealing Fire From Heaven

Michigan. State Board of Agriculture

Stealing Fire from Heaven Nevill Drury, 2011-03-02 The Western magical traditions are currently undergoing an international resurgence. In *Stealing Fire from Heaven*, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess. Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred--a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven. Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

Stealing the Fire from Heaven Austin Osman Spare, A. R. Naylor, 2002-01-01

Every Life a Delight James Henry Potts, 1914

Stealing the Fire from Heaven Stephen Mace, 2003-01-01 ?This book just won't go away. This essential piece is back by popular demand and if you didn't buy it last time, buy it this time. A great read and an essential requirement for every student of Magick.?- Christopher S. Hyatt, Ph.D., author of *Undoing Yourself*, *Secrets of Western Tantra*, *Urban Voodoo* and *Rebels & Devils*.?Stephen Mace begins with the ideas of Crowley and Spare and takes them several steps further in a way few others have. His writing is, by turns, engaging, erudite and very down-to-earth. *Stealing the Fire from Heaven* is a must-have for any modern occult practitioner.?- Phil Hine, author of *Condensed Chaos* and *Prime Chaos*.?Stealing the Fire from Heaven articulates the essence of Magick and Sorcery in a sober, meaningful way. Stephen Mace has carefully drawn forth

the connections between Austin Spare and Aleister Crowley and defined the meaningful aspects of creating a personal path of sorcery.? - Michael W. Ford, author of Book of the Witch Moon and Yatuk Dinoih.?Despite the number of ?magical construction kits? that are available to the modern sorcerer, Mace?s is a definite keeper. By blending sound theory with an organic and personal system, Stealing the Fire from Heaven offers pieces that are worthwhile for both the neophyte and advanced practitioner.?- George Holochwost, Sectionhead of the Illuminates of Thanateros Americas

Housing Heaven's Fire John C. Haughey,2002 In this intellectually challenging and personally inviting exploration, Haughey examines holiness from the perspective of the Hebrew Scripture of the Old Testament.

A COMPARATIVE STUDY OF ALTAIC MYTHOLOGIES IN CHINA G. Namjil,Wang Ruli,2023-08-28 Lending support to the search for the roots of the Altaic language family and pushing forward the field of Altaic mythologies and related topics, this comprehensive study of the early beliefs of China's Altaic peoples is the first thorough, systematic academic treatment in this, as yet, underdeveloped research field. While discussing nine types of Altaic mythologies, A Comparative Study of Altaic Mythologies in China uses primary sources in several languages to explore Altaic myths' origins, development over centuries, lineage relationships, and external influences. For this purpose, it compares the mythologies of various ethnic groups within the Altaic language family, Altaic mythologies with those of other cross-language and cross-cultural ethnic groups having direct, indirect or even no cultural exchanges with them in history, as well as Altaic mythologies with folklore, religion and other interdisciplinary domains of Altaic Studies by applying the theories and methods of comparative literature studies, comparative folklore studies and comparative mythology to a vast collection of mythological materials. As wide-ranging as it is deeply researched, this serious exploration of Altaic Studies breaks the boundaries of the previously closed research model, expands theoretical horizons, broadens the research scope, introduces a new mechanism for understanding myths and co-cultures of the Altaic language family, and offers insight toward the reconstruction of Proto-Altaic Mythology.
