

Symbolism In The Lighthouse

Robert Streit

Motifs and Symbols in Virginia Woolf's To the Lighthouse Simone Petry, 2007-03-01 Seminar paper from the year 2004 in the subject English Language and Literature Studies - Literature, grade: 1, University of Trier, course: Virginia Woolf, language: English, abstract: Virginia Woolf's fifth novel *To the Lighthouse*, which first appeared in 1927, captures its readers with its characterisation of the Ramsay family and their guests who meet at their holiday home on the Isle of Skye, an island near the Scottish mainland. The novel is set in a ten year period with the first section taking place on a day before the First World War, a middle period in which all the action happens "off stage" during the war and a last section taking place on a day after the war. Virginia Woolf uses stream of consciousness narration which, unlike traditional linear narration, records thoughts in the order in which they arise without bringing them in a rational or chronological context. This sort of narration can make it difficult for the reader to follow the story. Therefore, the novel is structured round a series of images which help to bind the prose into coherence in the absence of a strong story. These images can be regarded as motifs, recurrent elements which assist our understanding of the novel. If certain meanings and associations cluster around them, these motifs become symbols. In this way, "external objects can become symbols for one's own feelings. As such they become a means of investigating one's feelings or providing a focus for them." If we are alert to the imagery, frequently we will see images, as simile or metaphor, gradually acquiring symbolic weight; and once a symbol is established, it is often possible to trace the novel's narrative progress through the extension and expansion of that symbol. By moving into the province of poetry, Mrs Woolf was able to surmount many of the difficulties indigenous to prose expression. *To the Lighthouse* is full of symbols which have been interpreted in many different ways by various critics. Many of those interpretations deal with the central image of the novel, the lighthouse. It has been said to represent a religious symbol by some critics, a phallic symbol by some others. It has been connected with Mr Ramsay in some essays, with Mrs Ramsay in others. 3 But just as James says in the novel: "Nothing is simply one thing." 4 As a consequence, the symbols in the novel can have several different meanings. The following paper will closely examine the major motifs and symbols in *To the Lighthouse*. [...]

Monumental Christianity, or The art and symbolism of the primitive church as witnesses and teachers of one Catholic faith and practice John Patterson Lundy, 1875

A Guide to English Literature Kaleem M. Jan, Shabnam Firdaus, 2003 A Guide To English Literature Embraces A Wide

Spectrum Of Literary Works In The Field Of The English Novel, Drama And Poetry. It Is Meant To Enhance The Enjoyment And Understanding Of English Literature Through The Critical Discussion Of Particular Works Of A Large Number Of Writers Including Shakespeare, Marlowe, Metaphysicals, Milton, Dryden, Pope, Wordsworth, Coleridge, Keats, Emily Bronte, Hardy, Eliot, Virginia Woolf, E.M. Forster, Hemingway And Mulk Raj Anand.

The Philosophy of Virginia Woolf A. O. Frank, 2001 This book is well calculated to bring about the long awaited breakthrough in the appreciation of Virginia Woolf as an intellectual author. A.O. Frank argues that in Woolf's mature novels we find a coherent body of philosophical thought presented in lyrical prose which is nonetheless precisely argued. In sections of meticulously precise close reading Frank analyzes the complex mechanisms of textual engineering through which Woolf's ideas find expression. Educated in the German/Continental tradition of Aesthetics and Philosophy, the author believes that for a thought to be thought out properly, it needs to be thought out philosophically. Speaking from a fruitfully intermediate position between British and Continental culture, she highlights and explicates Woolf's philosophical thought by analyzing carefully selected passages from existential, cosmological and epistemological texts by Nietzsche as well as Heidegger, the later Wittgenstein and Derrida.

Virginia Woolf and the Problem of the Subject Makiko Minow-Pinkney, 2010-09-22 This classic study, now made available again to readers, shows that Woolf's most experimental writing is far from being a flight from social commitment into arcane modernism.

Old Age in Myth and Symbol Jennifer McLerran, Patrick McKee, 1991-09-25 Designed as a resource for artists, writers, and behavioral scientists, this compilation of the myths and symbols of old age lists more than 400 entries ranging from Abraham and acacia through Zorya and Zurvan. Coverage includes traditional mythical figures, literary characters, the symbolic attributes of old age such as time measurement and musical instruments, animals associated with aging, objects, types of locations, and more. The result of four years' research in a variety of sources, the volume reports on the use of such symbols in art, literature, and popular culture, providing the most comprehensive coverage of myths and symbols of old age

available in one volume. Entries are arranged alphabetically and include short citations indicating the sources used to compile the entry. A complete bibliography listing the full titles of all sources is also included to help readers who wish further information on a particular subject. Cross-references are used throughout to highlight related entries.
