**The sacred mushroom and the cross** John Marco Allegro,1970 A study of the nature and origins of Christianity within fertility cults of the ancient Near East.

**Dead Sea Scrolls and the Christian Myth** John Allegro,1992-03 The late John Allegro, the only humanist scholar given access to the scrolls, presents translations and analyses of the manuscripts in his charge, and expounds upon his controversial ideas regarding the historical authenticity of Jesus, and the role played by the myths of the Essene community in the development of Christianity.

**The Sacred Mushroom and the Cross** John Marco Allegro,2009 Where did God come from? What do the bible stories really tell us? Who or what was Jesus Christ? This book challenges everything we think we know about the nature of religion. -The ancient fertility cult at the heart of Christianity -The living power of cultic rites and symbols -The sacred mushroom as the emblem and embodiment of divinity -The secret meaning of biblical myths -The language of religion that links us to our ancestors The Sacred Mushroom and the Cross sets out John Allegro's quest through a family tree of languages to find the truth about where Christianity came from.

*Bible Interpreters of the Twentieth Century* Walter A. Elwell,Jim D. Weaver,1999 Presents biographical facts, theological development, scholarly contribution, and personal evaluation of thirty-five contemporary evangelical Bible interpreters.

**The Dead Sea Scrolls in English** Géza Vermès,1995 The manuscripts found in the Qumran caves, dating from about 200 BC to AD 70, are associated with the Essene sect described by several classical authors. Yet despite their immense importance, Geza Vermes argues, scholarly restrictive practices were responsible for 'the academic scandal par excellence of the twentieth century', which until recently kept many key documents hidden from public view. The Dead Sea Scrolls in English provides reliable, direct access to these fascinating documents. Established as the standard English version of the non-biblical material, is now in its fourth edition and has been extensively expanded and updated to include twenty-six newly translated scroll texts, a recent introduction discussing development in Qumran scholarship and, for the first time a full inventory of all the scrolls made available in 1991. Introductory chapters explain the background and outline the history, customs and beliefs of the sectarian community as well as the significance of their writings. The Dead Sea Scrolls in English acts as an authoritative guide for scholar students and all those interested in ancient Judaism and nascent Christianity.--
