That Used to Be Us Thomas L. Friedman, Michael Mandelbaum, 2012-08-21 Friedman, an influential columnist, and Mandelbaum, a leading foreign policy thinker, analyze four American challenges--globalization, information technology, chronic deficits, and energy consumption--and show what America needs to do.

That Used to be Us Thomas L. Friedman, Michael Mandelbaum, 2011 Thomas Friedman is a New York Times Bestselling Author and a three-time recipient of the Pulitzer Prize. America faces four major challenges on which its future depends and it is failing to meet them. In *That Used to Be Us* Pulitzer Prize-winning columnist Thomas Friedman and leading foreign policy analyst Michael Mandelbaum look at those challenges globalization the revolution in information technology the nation's chronic deficits and its pattern of energy consumption and spell out what we need to do now to rediscover America.

A Review of Thomas L. Friedman's 'That Used to Be Us' with Comparative Reflections on Science & Education Policy in the US, China and Egypt Tarek H. Selim, 2020 With an American-colored cover and content, the book by Thomas Friedman and Michael Mandelbaum: *That Used to Be Us: What Went Wrong with America and How it Can Come Back* was able to catch more than a million eyebrows on the shelves of journalists and political historians across the globe. A polished part of President Barack Obama's speech on November 3, 2010 reads before the Preface: "It makes no sense for China to have better rail systems than us, ... And we just learned that China now has the fastest supercomputer on Earth - that used to be us". The entire substance of the book has basically the China now emphasis with a comparative perspective on historical US performance: politically, socially, economically, and with additional comparative insights on the roots of technology: science. A reflection on the book's content regarding education, science, and innovation in the US, China, the international landscape, and Egypt's new paradigm post-revolution: Egypt now. Basically: where is Egypt now?, and where should we go?
