**Dr. Amrita Banerjee**

*Soft Power* Joseph S. Nye, 2004-03-16 What must the United States do to remain the global superpower and stop alienating the rest of the world? The author of the bestselling *The Paradox of American Power* has one clear answer: soft power.

Pentecostalism and Politics in Africa Adeshina Afolayan, Olajumoke Yacob-Haliso, Toyin Falola, 2018-06-29 As the epicenter of Christianity has shifted towards Africa in recent decades, Pentecostalism has emerged as a particularly vibrant presence on the continent. This collection of essays offers a groundbreaking study of the complex links between politics and African Pentecostalism. Situated at the intersection between the political, the postcolonial, and global neoliberal capitalism, contributors examine the roots of the Pentecostal movement's extraordinary growth; how Pentecostalism intervenes in key social and political issues, such as citizenship, party politics, development challenges, and identity; and conversely, how politics in Africa modulate the Pentecostal movement. *Pentecostalism and Politics in Africa* offers a wide-ranging picture of a central dimension of postcolonial African life, opening up new directions for future research.

**Handbook of Research on Future Policies and Strategies for Nation Branding** Pistikou, Victoria, Masouras, Andreas, Komodromos, Marcos, 2021-06-18 By taking corporate marketing concepts and applying it to countries, "nation branding" is a way for these regions to enhance their reputations and project a desired image for international recognition. New modes of publicity and marketing geared towards geographic location fall into this category, leading nation branding to have vast benefits for the economics and societies of countries. New marketing strategies have emerged and are being adopted to consequently brand countries with this purpose of economic growth. By studying these emerging strategies and methods, nations can best develop a desired brand and reputation to foster growth and prosperity. The *Handbook of Research on Future Policies and Strategies for Nation Branding* discusses how exactly nation branding works to benefit the function and mission of these nations along with showing how nation branding can be used as a strategic asset for the redesign of economic, political, and social characteristics of a country. The chapters outline the given situation of nations and the nature and implications of the brand that is required, measure branding inference, and propose future steps for nation branding. This book is a critical reference source for brand managers, tourism professionals, marketers, advertisers, government officials, travel agencies, academicians, researchers, and students working in the fields of international

relations, economics, social sciences, business studies, marketing, and entrepreneurship.

**The Routledge Handbook of Soft Power** Naren Chitty,Lilian Ji,Gary D Rawsley,Craig Hayden,2016-11-03 The Routledge Handbook of Soft Power is the first volume to offer a comprehensive and detailed picture of soft power and associated forms of public diplomacy. The terms soft power and public diplomacy have enormous currency in media and policy discourse, yet despite all the attention the terms remain conceptually ambiguous for analysts of international influence. The consequence is that the terms have survived as powerful, yet criticized, frames for influence. Divided into two main parts, Part I outlines theoretical problems, methodological questions, the cultural imperative and the technological turn within the study of soft power and Part II focuses on bringing the theory into practice through detailed discussion of key case studies from across the Americas, Europe, the Middle East, Africa and Asia. This innovative handbook provides a definitive resource for students and scholars seeking to familiarize themselves with cutting-edge debates and future research on soft power and will be of interest to those studying and researching in areas such as international relations, public diplomacy and international communication.

Energy Made Easy Ronald Stein,Todd Royal,2019-08-08 Energy is multifaceted, and Energy Made Easy allows the reader to grasp enough knowledge quickly so they can participate in discussions with family, friends, co-workers, or while watching news reports. The main purpose of the book is to Help Citizens Become Energy-Literate. As an added benefit to the reader, each chapter is a stand-alone read on twelve energy subjects. The readers may not be interested in the entire spectrum of energy, but can selectively pick, and choose hot energy topics, trending on current news or social media coverage. It is dangerous and delusional to believe anything can be explained in sound bites, much less energy. This book will make you look at energy and electricity in a new, fresh way, and perspective. We believe this is desperately needed with the upcoming U.S. Presidential election, and global events taking place in China, Russia, Iran, Africa, India, and South America.

**Security, Identity and Global Governance** Dr. Amrita Banerjee,2023-12-24 This book addresses certain existing issues related to different types of security and identity and how they can be resolved by global governance in contemporary times and its peaceful dimensions including security concerns relevant to the national interest. This book is also an effort to examine the present security situation by identifying variant existing perception that leads to serious problems of vulnerability of sovereign nation- India and the World. The issues discussed here have vital implications over the region's security that raises pertinent questions related to human security and human survival. The papers are contributed by eminent academicians and scholars and it is presenting most of the relevant topics like- Comprehensive Analysis of Traditional Security Challenges and Praxis: India and the Asia-Pacific Region's Security Dynamics, The Changing Discourses on Hegemony and Identity and the Future of International Order, An Analytical Study of Sustainable Development Goals (SDGs) in Water and Sanitation Sectors in the Indian Economy, Identity Politics from an Indian Perspective, Displacement

And Rehabilitation: A Take At G20 Summit In Delhi And Its Consequences, Assessing India-Taiwan relations in the context of the Taiwan Strait Situation, Traditional Knowledge and Intellectual Property Rights Protection: Challenges and Potential solutions in Indian Perspective, The Impact of Covid-19 on Media and Society, India: Roadmap to Achieve the SDGs (Sustainable Development Goals) by 2030, Child Security and Global Governance, Heath Crisis of Syrians since 2011: An Analysis, Drug Trafficking as Transnational and Non-traditional Threat for India's Border Security, Child Security and Global Governance, Governance and Education, Maritime Security of India in the Indo-Pacific: Challenges, Capabilities iii and Prospects, German Diaspora In Russia: A Potential Force In International Relations, Identity Politics And Its Impact On Economy (Comparative Analysis), Understanding the Sociology of Healthcare Data Breaches and its Implications to Human Identity and Security in Contemporary Society - A Critical Study, Current South Asian Security-related Issues: Security Problems in the Emergence of the Twenty- first Century, Honour Killing and Social Death In India: A Critical Analysis.

**Permanent Distortion** Nomi Prins, 2022-10-11 A riveting exposé of a permanent financial dystopia, its causes, and real-world consequences It is abundantly clear that our world is divided into two very different economies. The real one, for the average worker, is based on productivity and results. It behaves according to traditional rules of money and economics. The other doesn't. It is the product of years of loose money, poured by central banks into a system dominated by financial titans. It is powerful enough to send stock markets higher even in the face of a global pandemic and threats of nuclear war. This parting from reality has its roots in an emergency response to the financial crisis of 2008. "Quantitative Easing" injected a vast amount of cash into the economy—especially if you were a major Wall Street bank. What began as a short-term dependency became a habit, then a compulsion, and finally an addiction. Nomi Prins relentlessly exposes a world fractured by policies crafted by the largest financial institutions, led by the Federal Reserve, that have supercharged the financial system while selling out regular citizens and leading to social and political reckonings. She uncovers a newly polarized world of the mega rich versus the never rich, the winners and losers of an unprecedented distortion that can never return to "normal."

**The Shantung Case at the Conference** Thomas Franklin Millard, 1921

**The Second World** Parag Khanna, 2008 Khanna takes readers on a thrilling global tour, one that shows how America's dominant moment has been suddenly replaced by a geopolitical marketplace where the European Union and China compete with the United States to shape world order on their own terms.

**Millard's China National Review** Thomas Franklin Fairfax Millard, John Benjamin Powell, John William Powell, 1920 Vol. 34 includes Special tariff conference issue Nov. 6, 1925.

Neoliberalism, Civil Society and Security in Africa Pádraig Risteard Carmody, 2007-10-17 Free market policies have been in operation across Africa for the past twenty-five years, yet they have failed to reverse deepening poverty on the continent.

This book explores why such policies continue to be implemented, despite their failure, and the ways in which they have been reinvented by socialization, depoliticization, regionalization and securitization. The impacts of these policies on security are traced through case studies of Ethiopia, Zimbabwe and South Africa, and ways to transcend neoliberalism on the continent are also explored.

**The Great Events by Famous Historians** Charles Francis Horne, Rossiter Johnson, 1905

Regent Journal of International Law ,2006

**World Politics at the End of the Nineteenth Century** Paul Samuel Reinsch, 1900

*Foundations of Effective Influence Operations* Eric Victor Larson, 2009 The authors aim to assist the U.S. Army in understanding influence operations, capabilities that may allow the United States to effectively influence the attitudes and behavior of particular foreign audiences while minimizing or avoiding combat. The book identifies approaches, methodologies, and tools that may be useful in planning, executing, and assessing influence operations.

**The Catholic Periodical and Literature Index** ,2004

**China's Ascendancy** Sheng-Wei Wang, 2007

**Uncorporate Identity** Daniel van der Velden, Marina Vishmidt, Metahaven, 2010 This book takes an imaginative approach to visual identity. --

**Being in the Just War** Phillip W. Gray, 2007 When debating upon how to react to new styles of warfare in the 21st century, scholars and political leaders often invoke the language of the just war doctrine. However, while terms such as last resort and legitimate authority are frequently used, their meaning is often vague or improperly used. In what ways can we make the terminology of just war more concrete and meaningful? This study examines the philosophical structure of the just war tradition, in particular focusing on its origins. Through an analysis of the ontological presuppositions of Augustine's arguments on just war, this study explains some of the fundamental assumptions necessary for the just war doctrine to remain coherent. By investigating contemporary attempts to address morality in warfare, this study also explains why major schools of thought (realism, international law, liberalism) fail in this endeavour. This book will be of use to scholars of political theory, international relations, and intellectual history. It will also prove useful to researchers who focus political theology, ethics in warfare, and conflict studies.
