The Portal Rik Thistle, 2020-07-03 The Portal is a first-person story of an intergalactic war and the survival of the human race. My home is in a solar system 490 Light Years away from Earth. I have been sent to Earth, where I have assumed the name of Adam Zabel, to find and destroy the Others who are a rival alien species who wish to foster a nuclear war that will destroy humanity, enabling the Others to re-populate the planet. This evil species wants the Earth's most precious element; water and will do anything to get it. While I have tracked one of the Others to New York City, I meet an attractive reporter from California who becomes integral to my ultimate mission. Christine Laska works for the New York Post in Los Angeles and is in the Big Apple to gain some investigative experience. She meets me by accident, but I will forever change her life. We form a friendship that evolves into romance while Chrissy is investigating the murder of a person in the Hayden Planetarium that mystifies the New York Police Department because of the disappearance of the body. After I am able to kill one of my preys at the Planetarium, Chrissy and I flee New York City to my beach front home in Santa Monica, California while we track a second Other who is within weeks of gathering unprecedented power following a surprising Presidential election. The FBI, multiple Federal agencies and a secret government group are closing in on what they now know is an alien species that must be captured alive or destroyed. As the Other maneuvers into power that would cause a world war resulting in a nuclear winter that will destroy humanity, I am the only being on the planet that can stop the total destruction of the human species on Earth. Can I succeed? Will I be in time? In the second book, I return. After ten years I come back to Earth to try to stop the Others from causing a deadly pandemic that if not stopped will cause the complete destruction of humanity. The Portal is a combination of The Domsday Portal and The Genesis Portal books in one.

The Portal in the Forest Compendium Matt Dymerski, 2017-03-08 Containing the six books of the Portal in the Forest series, this compendium follows the complete saga of the Crushing Fist and the struggle of the worlds of man to survive in an uncaring and brutal multiverse. **THE PORTAL IN THE FOREST** A rural Virginia neighborhood finds a portal to other realities that changes destinations each day. Unfortunately, all the worlds it reaches have suffered unique and terrible dooms. A determined stranger and a suburb of abandoned children might be able to save the world if they can just figure out the common link between the myriad destroyed Earths. **THE DESOLATE GUARDIANS** Heath, an off-hours network manager, discovers that his computers can connect to other Internets on other Earths. He becomes the only link between the scattered men and women still guarding the worlds of man, but what can a few lonely guardians do against the coming darkness? **THE MOON AFLAME** Poor Alek is a fool that refuses to gaze up at His glory and accept the Change. Alek and the Free heretics must be rooted out and obliterated. The way must be paved for the coming of the Dreamer On High-humanity will dance under the Moon aflame as salvation descends from the sky. **THE EMPTY EARTH** With disaster looming, our scattered few must work together. One such guardian is the reluctant author Noah Fulmer. After returning from a mission, he finds that the human race seems to have vanished. Is there something wrong with the world, with his mind-or with reality itself? **THE CRUSHING FIST** As the worlds of man begin to collapse, displaced billions flee coreward for aid. Conn, an ex-soldier, tries to piece together the link between a slaughter-filled mission five years before and the current doom bearing down on the Earths of the Empire. Between his former military squadmates and his new connections among the elite, he must uncover the truth of the Empire's mortal flaw. **OUR FINAL ACTS** There's nowhere left to run now. The Crushing Fist is bearing down on the Empire from every direction, cutting off any chance of escape. The First World has failed and been destroyed. The skies are beginning to leak compressed space and the ground is oozing magma from the enormous pressure on reality itself. The next few days hold the final acts of the human race. For whatever it's worth, we intend to make those acts count.

The Portal (an Alternative History Novel) Richard Bowker, 2013-11 Larry Barnes has made a spectacular discovery-an invisible portal to a parallel universe, where Burger King is Burger Queen, cell phones are huge, and his hometown doesn't look anything like the place where he lives. When Larry returns, he tells his best friend, Kevin, who convinces him to re-enter

The Portal. What could go wrong? This time, Larry and Kevin enter a world devoid of modern technology, where America doesn't exist, and New England is losing a war against Canada and New Portugal. Unable to get back to The Portal, they offer their knowledge to the New England army in order to survive and gain hope of returning home. But when the ambitious lieutenant using their services discovers just how valuable Larry and Kevin's knowledge is, he changes the plan.
