A Promise of Pleasure Snatched from the altar by Dix Wildhorse, a Black Seminole Marshal from Oklahoma's Indian country, Kate has no choice but to flee with the daring knight her father sent to rescue and wed her. Marriage had never been part of Kate's plans, and she isn't about to abandon her career to become the dutiful wife of a wild west lawman bent on wrapping her in his own protective cocoon. Determined to hold on to her independence despite the dark simmering fire Dix's bronzed, muscled embrace ignites, she challenges him at every turn. Yet even as their battle of wills intensifies, the heat of their passion blazes with unmatched fury...a wildfire of love that can only be answered in the sweet ecstasy of surrender.

accomplishments. Many are accompanied by black-and-white photos of the author. The biographies are followed by a complete list of the author's published works. Where can you find information about popular, contemporary African American authors? Web sites can be difficult to locate and unreliable, particularly for some of the newer authors, and their contents are inconsistent and often inaccurate. Although there are a number of reference works on African American writers, the emphasis tends to be on historical and literary authors. Here's a single volume containing 100 profiles of your favorite contemporary African American writers, along with lists of their works. Short profiles provide an overview of the author's life and summarize his or her writing accomplishments. Many are accompanied by black-and-white photos of the author. The biographies are followed by a complete list of the author's published works. Focusing on writers who have made their mark in the past 25 years, this guide covers African American writers of popular and genre literature—from Rochelle Alers, Octavia Butler, and Samuel Delaney to Walter Mosley, Omar Tyree, and Zane. A few classic literary giants who are popular with today's readers are also included—e.g., Maya Angelou, Toni Morrison, and Richard Wright. Readers who want to know more about their favorite African American authors or find other books written by those authors, students researching AA authors for reports and papers, and educators seeking background information for classes in African American literature will find this guide invaluable. (High school and up.)

**The Greenwood Encyclopedia of African American Literature: I-N** Hans A. Ostrom, J. David Macey, 2005 Designed to meet the needs of high school students, undergraduates, and general readers, this encyclopedia is the most comprehensive reference available on African American literature from its origins to the present. Other works include many brief entries, or offer extended biographical sketches of a limited selection of writers. This encyclopedia surpasses existing references by offering full and current coverage of a vast range of authors and topics. While most of the entries are on individual authors, the encyclopedia gathers together information about the genres and geographical and cultural environments in which these writers have worked, and the social, political, and aesthetic movements in which they have participated. Thus the encyclopedia gives special attention to the historical and cultural forces that have shaped African American writing. - Publisher.

*Doubled Plots* Susan Strehle Mary Paniccia Carden, 2009-09-28 In art, myth, and popular culture, romance is connected with the realm of emotions, private thought, and sentimentality. History, its counterpart, is the seemingly objective compendium of public fact. In theory, the two genres are diametrically opposed, offering widely divergent views of human experience. In this collection of essays, however, the writers challenge these basic assumptions and consider the two as parallel and as reflections of each other. Looking closely at specific narratives, they argue that romance and history share expectations and purposes and create the metaphors that can either hold cultures and institutions together or drive them apart. The writers explore the internal contradictions of both genres, as seen in works in which the elements of both romance

and history are present. The theme that flows throughout this collection is that romance literature and art frequently engage with or comment on actual historical events or histories. Included among the contributions are discussions of romance and race in James Fenimore Cooper's *The Last of the Mohicans*, the Rudolph Valentino film classic *The Sheik*, the series of English Regency Romance novels, the constructs of love and history in two of Alice McDermott's novels, and a feminist reading of African American women's historical romances. Moreover, the essays approach romance and history from a variety of critical and political perspectives and examine a wide selection of romances from the 1800s to contemporary times. They look at bestsellers and literary classics, at texts by and for white audiences, and at works created by writers on the margins of Western culture. The anthology is a radical approach to romance, a genre often dismissed as diversionary and reactionary. It explores how well this genre serves for critical examinations of history.
