

Was America Founded As A Christian Nation

John Fea, Martha Bettis Gee

Was America Founded as a Christian Nation? John Fea, 2011-01-01 Presents a historical overview of the relationship between the United States and Christianity and an analysis of the beliefs of such figures as Thomas Jefferson, Benjamin Franklin, and George Washington.

Was America Founded as a Christian Nation? Revised Edition John Fea, 2016-10-01 John Fea offers a thoroughly researched, evenhanded primer on whether America was founded to be a Christian nation, as many evangelicals assert, or a secular state, as others contend. He approaches the title's question from a historical perspective, helping readers see past the emotional rhetoric of today to the recorded facts of our past. This updated edition reports on the many issues that have arisen in recent years concerning religion's place in American society including the Supreme Court decision on same-sex marriage, contraception and the Affordable Care Act, and state-level restrictions on abortion and demonstrates how they lead us to the question of whether the United States was or is a Christian nation. Fea relates the history of these and other developments, pointing to the underlying questions of national religious identity inherent in each. We live in a sound-bite culture that makes it difficult to have any sustained dialogue on these historical issues, Fea writes in his preface. It is easy for those who argue that America is a Christian nation (and those who do not) to appear on radio or television programs, quote from one of the founders or one of the nation's founding documents, and sway people to their positions. These kinds of arguments, which can often be contentious, do nothing to help us unravel a very complicated historical puzzle about the relationship between Christianity and America's founding.

America, Christianity, And The Forgotten Link Allen Wooten, 2013-06-10 Prov 18:17, He who tells his story first makes people think he is right, until the other comes to test him. For almost seventy years now, we've been taught American history primarily from a secularist's viewpoint, with seemingly convincing arguments for a Godless America and Constitution that it sounds right. Yet, Christian Americans have heard enough. And we're now stepping up to cross-examine their claims with books like this one. What were the religious beliefs of most of our nation's founders? Was America founded as a Christian nation and what does this mean? Where did the concept of religious freedom originate; and, how did it evolve into what it is today? If we started out as a Christian republic, then what went wrong? How can we restore our founders' original

intent to America? This book highlights the Christian influences in America's exploration, colonization, national formation, and progression. Once you've heard this other side of the story, you must make up your own mind and then act on it.

Was America Founded as a Christian Nation? John Fea, Martha Bettis Gee, 2010

Inventing a Christian America Steven Keith Green, 2015 Steven K. Green explores the historical record that supports the popular belief about the nation's religious origins, seeking to explain how the ideas of America's religious founding and its status as a Christian nation became a leading narrative about the nation's collective identity.

America a Christian Nation? Robert W. Pelton, 2011-02-03 Patrick Henry the firebrand patriot perhaps said it best when he made this statement: "It cannot be emphasized too strongly or too often that this great country was founded not by religionists but by Christians; not on religions, but on the Gospel of Jesus Christ." Every signer of our Declaration of Independence and our Constitution agreed! For example, Samuel Chase was the son of an Anglican clergyman. He said: "My beloved country has been founded by Christians, and Christians should always be in positions of trust, both elected and otherwise." "By our form of government, the Christian religion is the established religion; and all sects and denominations of Christians are placed upon the same equal footing, and are equally entitled to protection in their religious liberty." Abraham Clark said: "Since we have a Christian country, it's the duty of every citizen to select only Christians for their leaders." Elbridge Gerry made his view clear: "The Christian religion is the one that America has been designed to follow, and should the people fail in this, our new nation shall certainly fall."

America's Christian History Gary DeMar, 2005 From the founding of the colonies to the declaration of the Supreme Court, America's heritage is built upon the principles of the Christian religion. And yet the secularists are dismantling this foundation brick by brick, attempting to deny the very core of our national life. Gary DeMar presents well-documented facts which will change your perspective about what it means to be a Christian in America; the truth about America's Christian past as it relates to supreme court justices, and presidents; the Christian character of colonial charters, state constitutions, and the US Constitution; the Christian foundation of colleges, the Christian character of Washington, D.C.; the origin of Thanksgiving and so much more.--Publisher's description

America a Christian Nation? Stephen McDowell, 2005

The ^AFounding Fathers and the Debate over Religion in Revolutionary America Matthew Harris, Thomas Kidd, 2011-11-14 Whether America was founded as a Christian nation or as a secular republic is one of the most fiercely debated questions in American history. Historians Matthew Harris and Thomas Kidd offer an authoritative examination of the essential documents needed to understand this debate. The texts included in this volume - writings and speeches from both well-known and obscure early American thinkers - show that religion played a prominent yet fractious role in the era of the American Revolution.

What If America Were A Christian Nation Again? D. James Kennedy, Jerry Newcombe,

The United States David Josiah Brewer, 1996-10 David Brewer understood the true nature of America's founding. He noted that America's intrepid pioneers had come to America in obedience to the Great Commission, that is, to advance the Christian faith. That purpose, he claimed, had never changed, from the earliest colonizations to 1892, the year he delivered his famous Christian nation: Churches and church organizations ... abound in every city town, and hamlet; ... a multitude of charitable organizations exist ... everywhere under Christian auspices; ... gigantic missionary associations, with general support, ... aim ... to establish Christian missions in every quarter of the globe. These, and many other matters which might be noticed, add a volume of unofficial declarations to the mass of organic utterances that this is a Christian nation. The evidence is in and weighed on the scales of Supreme Court Justice David Brewer. - back of book

America Mal Couch, 2010

The United States David Brewer, Patti A. Pierucci, 2016-06-29 In 1892, Associate Supreme Court Justice David Josiah Brewer wrote a unanimous court opinion declaring ... This is a Christian nation. I insist that Christianity has been so wrought into the history of this Republic, so identified with its growth and prosperity, has been and is so dear to the hearts of the great body of our citizens, that it ought not be spoken of contemptuously or treated with ridicule, he wrote. Justice Brewer served on the U.S. Supreme Court for 20 years and became known for his relentless exhortation of Christians to perform their moral, religious and citizenship duties to the nation. Yet today, Justice Brewer's words are lost on a secularized society whose citizens recoil from the notion that America's laws should come from a religious conscience. When is the last time anyone in America heard of a legislator offering a law because of his or her Christian beliefs? We are a Christian nation because the people in America are decidedly Christian. Still, our laws, institutions and policies are quickly becoming unchristian, mainly because Christians have been committing political suicide for nearly a century. Blame it on Supreme Court rulings, media bashings, secular education or weak churches; Christians in America routinely censor themselves out of fear of violating some fictitious separation of Church and State standard. As Christians we should neither be embarrassed nor cowardly in projecting our faith into the laws of the nation. Christian laws and principles are the foundational concrete upon which the American justice system and guiding doctrines were founded. Whether the United States is a Christian nation matters only if Christians have dominance in America-over its government, social institutions, media, education, social networks, businesses, entertainment, policies, goals and justice system. If Christians are merely spectators, their overwhelming numbers do not matter. They will be merely spectators at a football game, outnumbering the players but unable to make the rules or determine an outcome that will affect not only the teams, but the spectators as well. Christians must ask themselves: Why should we allow the unbelieving, the Jesus-haters, those who mock Christianity, to rule over our lives? They cannot, unless we allow them to. We still have the ball. We have the numbers. But we need to rise up from our

seats and perform our Christian duty to America.

One Nation Under God Kevin Kruse, 2015-04-14 We're often told that the United States is, was, and always has been a Christian nation. But in *One Nation Under God*, historian Kevin M. Kruse reveals that the idea of "Christian America" is an invention—and a relatively recent one at that. As Kruse argues, the belief that America is fundamentally and formally a Christian nation originated in the 1930s when businessmen enlisted religious activists in their fight against FDR's New Deal. Corporations from General Motors to Hilton Hotels bankrolled conservative clergymen, encouraging them to attack the New Deal as a program of "pagan statism" that perverted the central principle of Christianity: the sanctity and salvation of the individual. Their campaign for "freedom under God" culminated in the election of their close ally Dwight Eisenhower in 1952. But this apparent triumph had an ironic twist. In Eisenhower's hands, a religious movement born in opposition to the government was transformed into one that fused faith and the federal government as never before. During the 1950s, Eisenhower revolutionized the role of religion in American political culture, inventing new traditions from inaugural prayers to the National Prayer Breakfast. Meanwhile, Congress added the phrase "under God" to the Pledge of Allegiance and made "In God We Trust" the country's first official motto. With private groups joining in, church membership soared to an all-time high of 69%. For the first time, Americans began to think of their country as an officially Christian nation. During this moment, virtually all Americans—across the religious and political spectrum—believed that their country was "one nation under God." But as Americans moved from broad generalities to the details of issues such as school prayer, cracks began to appear. Religious leaders rejected this "lowest common denomination" public religion, leaving conservative political activists to champion it alone. In Richard Nixon's hands, a politics that conflated piety and patriotism became sole property of the right. Provocative and authoritative, *One Nation Under God* reveals how the unholy alliance of money, religion, and politics created a false origin story that continues to define and divide American politics to this day.

Christian Nation? T. Adams Upchurch, 2010-05-26 This fascinating study examines America's complex and confusing history of arguing with itself over religion and secularism, God and politics, church and state. Hundreds of books are devoted to the ever-timely subject of the separation of church and state in America, but none does exactly what *Christian Nation?*: The United States in Popular Perception and Historical Reality does. Unlike other studies, this intriguing examination asks the right questions, defines the terms of the debate, explores the widely diverging points of view with equal respect for all sides, and provides insightful commentary and factual conclusions that cut through the clutter. The book begins with several questions: Is the United States a Christian Nation? Has it ever been? Was it ever meant to be? What did the Founding Fathers say? How has this issue been interpreted by various individuals and factions over the centuries? The author then surveys the vast literature on this topic, including the U.S. Constitution and Declaration of Independence and the competing and/or complimentary views of various Founding Fathers to arrive at the answers—and, at long last, the truth.

Christian Nation ,1924

One Nation Under God Leon G Stevens,2013-10-08 One Nation Under God follows the spiritual direction of our country from the time the Puritans landed in the new world up to today. Our loss of faith in God and how that loss has impacted our society is profiled. It includes quotes from some of the people that had the most influence on the growth of our once great nation and some of the people and events that have caused our nation to decline economically, socially, and morally. One Nation Under God includes many landmark court cases that have affected our way of life in the way the American people can worship the Lord in public and in private. One Nation Under God is a map of our rise to greatness and our decline to the potential oblivion of this once light on the hill for all the world to follow. It also is a guide on how to reclaim our greatness by turning back to God for His forgiveness and guidance. The farther away we move from God the worse our society becomes. One Nation Under God sets out to prove to the country---possibly the world---that we are a Christian nation.

America: One Nation Under God Charlotte Sale,2019-06-05 Our America began as a Christian nation. Sadly, we have slowly turned away from God in the last 100+ years. History is being rewritten, leaving out most of the truths that used to be taken as common knowledge in homes, schools, and communities. Our constitution and our laws are changing rapidly, and not for the better. What is being left out of the history books? How have we drifted so far from where we began? Have we forgotten what happened in 1620? In 1776? Where are we going today? What will be left of our religious freedoms if we stand silent? Is God watching? Does He care? And what will the America look like that we leave to our children and grandchildren? Our country's future is in their hands. They deserve to know the whole story of America and the important role that God played in her history.
