*Ladies, Please!* José Covaco, 2014-07-11 Try as you may, you won't get the answer because we're guys and we come from Mars where it's an alien-eat-alien world. Most of the time we're confused as heck and need a girl to set us straight but all the other times we pretty much know what we want. The same way how we can't figure you lot out and why you need so many pairs of shoes, we too can be hard nuts (all puns intended) to crack. Girls rule. That's a fact no guy can deny. That said, there are a few things about you that drive us crazy and make us go running across continents and enroll into witness protection programmes to get as far away from you as possible. Here's a book that'll help you if not figure us out, save you from a few nasty dates and know when to run screaming, because at the end of the day boys will be boys.

*Truth?* Dale Primus, 2009-10-05 A must read for all!! Can the contents be faulted? Can Truth? really point the way out of the darkness many of us live our lives in? Can the questions really be answered? Will the real secret thoughts of men be truthfully revealed? Or is this just another 'Men are from Mars and Women from Venus' hype.. I THINK NOT!!! Truth? Is not a dating book, a relationship guide or steps to win at the relationship game. This is the one true voice from the male perspective that is never spoken or heard. Until now. It is simply Truth? So why the question mark? Well, some sexes will agree, some will question, some will learn, but all will agree that the knowledge to be gained from reading Truth? Will create debates, clarity but above all, a window out of the darkness.
