Private Eyes Robert Allen Baker, Michael T. Nietzel, 1985 *Private Eyes* is the complete map to what Raymond Chandler called the mean streets, the exciting world of the fictional private eye. It is intended to entertain current PI fans and to make new ones.

It's All One Case Paul Nelson, Kevin Avery, 2016-09-13 This is a prose series of unpublished interviews with, and a visual retrospective of, the seminal mid- to late-20th century literary crime writer. In 1976, critic Paul Nelson spent several weeks interviewing legendary detective writer Ross Macdonald, who elevated the form to a new literary level. "We talked about everything imaginable," Nelson wrote—including Macdonald's often meager beginnings; his dual citizenship; writers, painters, music, and movies he admired; *The Great Gatsby*, his favorite book; how he used symbolism to change detective writing; and more. This book, published in a handsome, oversized format, collects these unpublished interviews and is a visual history of Macdonald's professional career. It is illustrated with rare and select items from one of the world's largest private archives of Macdonald ephemera; reproduces, in full color, the covers of the various editions of Macdonald's more than two dozen books; collects facsimile reproductions of select pages from his manuscripts, as well as magazine spreads; and presents rare photos, many never before seen.

Authentically Medieval Debra E. Best, Elizabeth L. Rambo, Patricia H. Ward, 2024-10-28 This collection compiles essays by medievalist scholars that examine the variety of ways authors have fictionalized the medieval period while meeting the challenge of creating engaging literature. More significantly, this project seeks to explore the importance of authenticity in these works of medievalism. The works discussed represent a variety of genres, including historical, young adult, Arthurian

detective fiction, paranormal romance and fantasy, as well as adaptations of Beowulf and Chaucer's Canterbury Tales. Opening the collection are three essays by author-scholars who share their processes of creating an authentic medieval world appealing to a wide audience. The remaining seven essays by medievalist scholars examine a variety of medievalist texts, addressing the extent to which their authors adhere to the facts of the period, while at times necessarily filling in historical gaps in the process of creating these works. Each of the essays addresses the concept of authenticity in fiction about the Middle Ages; together, they become a lively conversation about authenticity in narratives of various genres.

Encounters with American Culture Peter Prescott, 2017-09-08 Peter S. Prescott was one of the most informed and incisive American literary critics to write for the general public. Never content merely to summarize or to pronounce quick judgments, Prescott's reviews are witty and delightful essays to be enjoyed for their own sake as examples of civilized discourse. Whether he is exploring a well-known novelist's outlook and methods, or the peculiar deficiencies of a work of nonfiction, Prescott's grace, elegance, and insights make each piece proof that real criticism need not be pedantic, obscure, or interminably long. The focus in this second volume of Prescott's writings published by Transaction is on both fiction by American authors and on nonfiction reflecting our American unease. He casts an ironic eye on how we in this country think we live now; on what we are saying about ourselves in our fiction, our history, and our biography. Prescott considers some of our century's classic writers: Hemingway and Henry Miller; John Cheever and Thornton Wilder. He offers new insights regarding those who are still at work: Mailer, John Irving, Oates, Updike, Ozick, and Alice Walker. Some authors do not fare well. With his customary flair; Prescott explains why the reputations of Kurt Vonnegut and Barbara Tuchman, the Encyclopedia Britannica, and John Gardner, urgently need deflation. He includes essays on writers and books not generally noticed in collections of criticism: Stephen King, The Joy of Sex, fairy tales, science fiction, thrillers, books on survival and etiquette. Here is a critic with a personal voice and a sense of style. For essays published in this collection, Prescott received the most highly regarded prize in journalism: the rarely presented George Polk Award for Criticism. This is a chronicle of our contemporary American culture as revealed by its books, written with verve, intelligence, wisdom, and wit by a critic who's cruel only when appropriate. *Encounters with American Culture* is, quite simply, literary journalism at its urbane best.

100 American Crime Writers S. Powell, 2012-08-07 100 American Crime Writers features discussion and analysis of the lives of crime writers and their key works, examining the developments in American crime writing from the Golden Age to hardboiled detective fiction. This study is essential to scholars and an ideal introduction to crime fiction for anyone who enjoys this fascinating genre.

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention. The body of Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.
