Digital Feeling Adrienne Evans, Sarah Riley, 2023-03-03 This book offers a trailblazing account of postfeminist sensibility as a digital feeling that shapes how we understand the world around us. It explores how we feel in a world where the digital has become intertwined with our intimate relationships to ourselves and to others. The book develops a novel approach that draws on feminist theories of affect, emotion, and structures of feeling, to analyse the entanglements of the digital and the non-digital, and the public and the private, and to show how good feeling shapes a contemporary moment that often leads us back to normativity and reproduces systemic inequality. This is achieved through several different digital media spheres, including: the Instagram account Barbie Savior, #fitspo content, TikTok influencers and their Get Ready With Me videos, the archive of hot men on TubeCrush, and the intimacies of the internet cat, suggesting that each offers a snapshot of our current emotional landscapes.

Hyper-Digital Marketing Vanitha Swaminathan, 2025-10-18 The rapid changes in technology and the rise of AI have heralded the introduction of a new era, which we refer to as the era of hyper-digitalization. This shift has significant impacts on how organizations and enterprises carry out critical functions across various areas, including marketing, information technology, human resources, and others. We are witnessing the transformation of the marketing function, with many traditional roles of marketers being replaced by new roles that depend heavily on cross-functional coordination with multiple

areas. These changes could be far-reaching and have already dramatically impacted how to organize many tasks within organizations. Against this backdrop, this book offers modern marketers and technologists a guide on navigating the many changes occurring in organizations. Any senior executive can leverage many of the concepts presented in this book and be able to handle the sweeping changes taking place in the age of AI. This book introduces a new framework with six pillars of modern marketing strategy in the age of hyper-digitalization – purpose, phygital experiences, platform, participation, personalization, and partnerships. Each pillar has its own chapter, which provides specific guidance for managers on how to implement it. The chapters also demonstrate how each pillar can influence key outcomes like attention and engagement. In the context of hyper-digitalization and AI, the six-pillar framework will help managers navigate current developments and implement changes that any enterprise is faced with. It will offer senior marketing strategists and students a framework for strategic thinking that prepares them for the workplace of tomorrow. The framework is supported by numerous case studies and examples (from both the United States and other parts of the world) that demonstrate how these concepts are applied in real-world situations. The book incorporates insights from scholarly research on these topics to provide evidence-based guidance for managers and executives.

A Physical Education Casey Johnston, 2025-05-06 From the most visible woman writing about weightlifting today, a profoundly engrossing memoir and manifesto about how lifting helped dissolve her allegiance to diet culture; taught her to be at home in her body; and led her to grow every kind of strength (Elizabeth Greenwood). In *A Physical Education*, Casey Johnston recounts how she ventured into the brave new world of weightlifting, leaving behind years of restrictive eating and endless cardio. Woven through the trajectory of how she rebuilt her strength and confidence is a staggering exposé of the

damaging doctrine spread by diet and fitness culture. Johnston's story dives deep into her own past relationships with calorie restriction, exercise, and codependency. As she progresses on her weightlifting journey, she begins to eat to fuel her growing strength—and her food cravings vanish. Her physical progress fuels a growing understanding of how mainstream messaging she received about women's bodies was about preserving the status quo. Previously convinced that physical improvement was a matter of suffering, she now knows it requires self-regard and patience. A little pushing at a time adds up to the reawakening of parts of herself she didn't even know were there. A Physical Education asks why so many of us spend our lives trying to get healthy" by actively making our bodies weaker. Casey Johnston is a voice for those of us who feel underdeveloped and unfulfilled in our bodies and are looking to come home to ourselves.

Hiding in the Bathroom Morra Aarons-Mele, 2017-09-26 "Introverts will love this practical and moving guide to building a career, network, and life you love." - Susan Cain, author of *Quiet* From the marketing guru and host of the popular podcast *Hiding in the Bathroom*, a breakthrough introverts' guide that broadens the conversation sparked by *Quiet* and moves away from the Lean In approach, offering wisdom and practical tips to help readers build strong relationships and achieve their own definition of professional success. Most ambitious people believe that reaching the peaks of success means being on 24/7—tirelessly networking, deal-making, and keynoting conferences. This is nonsense, says Morra Aarons-Mele. As an eminent entrepreneur with a flourishing business and a self-proclaimed introvert with lots of anxieties, Morra disagrees with the notion that there's only one successful type: the intense, super social, sleep-deprived mover and shaker, the person who musters endless amounts of grit. *Hiding in the Bathroom* is her antidote for everyone who is fed up with feeling like they must always lean in—who prefer those moments of hiding in the bathroom to constantly climbing the ladder or working the room. Morra knows what it takes to make your mark, and now, this entrepreneur who has boosted the online strategy of clients such as the Malala Fund, President Obama, the UN Foundation, and the Bill and Melinda Gates Foundation shares the insights, tricks, and knowledge she's learned. Filled with advice, exercises to help readers evaluate their own work/life fit and manage anxiety, valuable tools, and stories of countless successful people—entrepreneurs, academics, and novices just beginning their careers—*Hiding in the Bathroom* empowers professionals of all ages and levels to take control and build their own versions of success. Thoughtful and practical, it is a must-have handbook for building a fantastic, prosperous career and a balanced, happy life—on your own terms.

Holiday Keto Stacey Michelle, 2020-10-20 Keto is the fastest-growing diet in America, and the holiday season poses its greatest challenge: a steady stream of parties and feasts full of carbohydrate-loaded foods (think stuffing and sweet potato casserole) and tempting desserts. With this indispensable guide, you will never feel hungry, burn fat, boost energy, and transform your body all while enjoying the festive season. The ketogenic diet is based on cutting carbs down almost to near-zero while upping fat intake, and it has been shown to not only help people lose weight permanently, but also be good for

their health by stabilizing blood sugar, lowering blood pressure, and improving markers for heart disease, among other benefits. This book is a guide to handling your keto lifestyle throughout the holidays to both enjoy the season and still maintain a healthy diet program. Starting first with the basics of keto—what it is, how and why it works, and what you need to know about fats and carbs—readers get tips on how to prep their kitchen, entertain in style, stay on track with exercise, and get through tough moments: maintaining keto when friends and family pressure you, recovering from a “cheat,” and adjusting your diet in the short term. The centerpiece is an extensive and colorful collection of keto recipes, starting with cocktails and appetizers and going through main and side dishes, vegetarian and vegan, and spectacular desserts. We wrap up with a fun keto gift guide full of products and foods that every keto dieter will love.
