The Body in the Woods April Henry, 2014-06-17 Alexis, Nick, and Ruby have very different backgrounds: Alexis has spent her life covering for her mom's mental illness, Nick's bravado hides his fear of not being good enough, and Ruby just wants to pursue her eccentric interests in a world that doesn't understand her. When the three teens join Portland County Sheriff's Search and Rescue, they are teamed up to search for a autistic man lost in the woods. What they find instead is a dead body. In a friendship that will be forged in danger, fear and courage, the three team up to find the girl's killer—before he can strike one of their own. This first book in April Henry's Point Last Seen YA mystery series, *The Body in the Woods* is full of riveting suspense, putting readers right in the middle of harrowing rescues and crime scene investigations. This title has Common Core connections.

Body in the Woods Dawn Brookes, 2020-11-30 A peaceful village. A buried secret. A gripping new psychological crime novel for 2020. When private investigator Carlos Jacobi spends Christmas with his sister in the Peak District, his ex-police dog unearths the body of an elderly man in the woods. Why would someone murder a seemingly harmless old man? When the dead man's family hires Carlos to investigate, he discovers fractured relationships, family secrets and villagers with something to hide. To top it all, the man in charge of the investigation is someone Carlos had hoped never to meet again. Memories of their time in Afghanistan still haunt him. The bad blood between the two men threatens to cloud the investigation as neither can bury the past. DCI Terry Masters is livid when Carlos is hired to investigate the death, and takes it personally. He orders his sergeant to make sure the private investigator is kept out of the loop. Carlos unravels lies and motives among the seemingly innocuous village population. Soon, his dog, Lady makes another grisly discovery, and the suspense heightens. Carlos teams up with an old friend to get to the bottom of this frustrating case.

Body in the Woods Behcet Kaya, 2024-05-16 Award-winning author Behcet Kaya has once again brought his PI protagonist Jack Ludefance to life in a novel of suspense and mystery, filled with indelible characters, and laced with threads

of credible circumstances, in his latest book titled *Body in the Woods*. Set in the hills in Malibu, California, Jack is asked by his friend, a wealthy businessman in the military defense industry, to come to his aid to help solve a murder; because it seems his business partner's body has turned up murdered and the police have pegged him as the prime suspect. Although not yet formally charged, he needs Jack's help to find the real killer and thus secure his freedom, while solving the crime of who actually killed his partner. Jack obliges and travels from his home in Florida to Los Angeles to pick up the case. What begins as a step-by-step private investigation into the evidence surrounding the death of the notoriously cunning, smart and cleverly manipulating business partner of Jack's client, turns into an international quagmire of intrigue, scientific secrets, and vast amounts of money. People with power, influence and fortunes are all jockeying for a once-in-a-lifetime business deal, while death surrounds the periphery of their involvement. *Body in the Woods* stands on its own merits as there is enough background to appease the fans of Kaya's books without bogging down the plot with historical events. This book is impossible to put down; at first due to the character development, then again when readers hit the critical mass plot point. It will surprise the savviest of readers with its twists and turns of logic, morality, integrity, and honesty.

Undercover Asian Leilani Nishime, 2014-01-30 In this first book-length study of media images of multiracial Asian Americans, Leilani Nishime traces the codes that alternatively enable and prevent audiences from recognizing the multiracial status of Asian Americans. Nishime's perceptive readings of popular media--movies, television shows, magazine articles, and artwork--indicate how and why the viewing public often fails to identify multiracial Asian Americans. Using actor Keanu Reeves and the Matrix trilogy, golfer Tiger Woods as examples, Nishime suggests that this failure is tied to gender, sexuality, and post-racial politics. Also considering alternative images such as reality TV star Kimora Lee Simmons, the television show *Battlestar Galactica*, and the artwork of Kip Fulbeck, this incisive study offers nuanced interpretations that open the door to a new and productive understanding of race in America.

Readers of this remarkable book, which includes dynamic photographs, will become trained to know what to look for at a crime scene as they tag along with scientists on an intriguing case. They'll learn about various kinds of evidence as well as how it's analyzed to provide essential clues about what happened at the scene and how to find the killer.
