We Love Football Adrian Adams, 2014-04-25 Football is the greatest game in the world. Place can not be found in the world where it is not played. As Eusebio wisely said: "Anyone can play whether you are poor or rich. All you need is space and a ball". Football players and coaches are known from colorful language. Most of the quotes in this book are hilarious. Like Zlatan: Now I'm here, I think the people in Paris will have something else to see besides the Mona Lisa" Many of the quotes are very inspiring as well. Messi gives us a good example: "Talent and elegance mean nothing without rigor and precision" Let's enjoy players and coaches brightest moments.

Creating Heaven on Earth Paul Marcus, 2018-03-21 The art of living the good life requires skilful attunement to the lovely presences in everyday life. Lodged in a psychoanalytic sensibility, and drawing from ancient and modern religious and spiritual wisdom, this book provides the details, conceptual structures, and inner meanings of a number of easily accessible, everyday activities, including gardening, sport, drinking coffee, storytelling, and listening to music. It also suggests how to best engage these activities, to consecrate the ordinary in a way that points to experiential transcendence, or what the author calls glimpsing immortality, a core component of the art of living the good life.

Return on Ambition Nicolai Chen Nielsen, Nicolai Tillisch, 2021-01-05 How do you become highly successful—while living a fulfilling life and growing as a person? Most ambitious people struggle in at least one of these areas, yet they feel they don't have the tools to improve their situation. Return on Ambition is the culmination of an ambitious effort to harness insights from recent research in psychology and neuroscience to help people pursue their ambitions more fruitfully. The result is a radical and holistic approach to achievement, growth, and well-being that includes:

- The Return on Ambition Self-Assessment: instructive, clear measures of how well you are currently doing in getting the return you aspire to
- The Trinity of Achievement, Growth, and Well-Being: research and wisdom that show that compromises in any of these three elements will cause declines in the others over time
- The 7 Frenemies: descriptions of personal attributes that are your core strengths as an ambitious person, but that can also be the biggest obstacles to your success and fulfillment in life
- The Return on Ambition Toolbox: 4 tools that will help you articulate and pursue your ambition, expand your self-awareness, and help you learn consciously
- 4 Self-Coaching Sessions: instructions for 30-60-minute contemplations inspired by thought-provoking questions

Nielsen and Tillisch have tried-and-tested experience inside the world of grand ambitions. This means that readers will find not only concepts brought to life with rich interviews and stories, but also two authors who inherently understand their audience. Nicolai Chen Nielsen is an associate partner at McKinsey & Company, where he advises clients on leadership development, culture change, and agile transformations. He is the co-author of Leadership at Scale and has published several articles on personal development. He is currently based in New York with his wife, Samira, and their two dogs, Napoleon and Caesar.
