**The Big Book of Serial Killers** Jack Rosewood, Rebecca Lo, 2019 Murderers or monsters, normal people turned bad or people born with the desire to kill, it doesn't matter where they come from, serial killers strike dread into our hearts with a single mention of their names. Hunting in broad daylight or stalking from the shadows, we are their prey and their hunt is never done until they are caught or killed. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are

not mythical beasts with horns and shaggy hair. They are people living in society, going about their day-to-day activities until nightfall.
