There Are No Strangers Jean Price Claridge, 2017-03-22 Do you have questions about Death and Dying? Why Are We Here? What is Time? Are there Angels? If so, I feel this book may help you find some of those answers. After an amazing healing when I was young, I began my quest to answer these and all of the 'Big' questions, in simpler non-scientific terms.

After my humble beginnings in Toronto, I had many 'message' dreams guiding and protecting me through an adventurous life, working in Television broadcasting as singer, Jean Price, and later after marriage, behind the scenes in TV production as Jean Claridge (and also as an artist and photographer.) I had the pleasure of working on National News, The Nature of Things, Sports Specials such as The 1984 Olympics in Los Angeles, Adrienne Clarkson Presents and many, many other wonderful TV shows. I mention some of them in this book.

Face with Tears of Joy Keith Houston, 2025-07-01 A vibrant exploration of the world's newest language—where it came from, how it works, and where it's going. We are surrounded by emoji. They appear in politics, movies, drug deals, our sex lives, and more. But emoji's impact has never been explored in full. In this rollicking tech and pop culture history, Keith Houston follows emoji from its birth in 1990s Japan, traces its Western explosion in the 2000s, and considers emoji's ever-expanding lexicon. Named for the world's most popular pictogram, Face with Tears of Joy tells the whole story of emoji for the first time.

Rhetorical Grammar Martha Kolln, 2003 Rhetorical Grammar encourages writers to recognize and use the structural and stylistic choices available to them and to understand the rhetorical effects those choices can have on their readers. Rhetorical Grammar is a writer's grammar - a text that presents grammar as a rhetorical tool, avoiding the do's and don'ts so long associated with the study of grammar. It reveals to student writers the system of grammar that they know subconsciously and encourages them to use that knowledge to understand their choices as writers and the effects of those choices on their readers. Besides providing key strategies for revision, Rhetorical Grammar presents systematic discussions of reader

expectation, sentence rhythm and cohesion, subordination and coordination, punctuation, modifiers, diction, and other principles. Studying grammar from this rhetorical point of view defines the study of language as an intellectual exercise designed to open up students' minds to the versatility, beauty, and possibilities of language.
