100 Best Quotes from Los Angeles' Celebrities Kate Kastelein, 2012-05-05 People love Hollywood. Not just the sensational films that come from Los Angeles, but the actors, actresses, writers, producers, and directors who bring them to life. The silver screen illustrates and borrows from American culture; sometimes it's a challenge to remember which came first: the movie or the meme. Movie quotes influence our language and transport us to a different time and place, but what about the people behind the famous phrases? The stars of Hollywood share the best insight into the creative process and celebrity culture.

Unconventional Faith R. C. Linthicum, Sue Wier, 2023-05-03 Everyone at some point has encountered great pain in their lives, but a single heart-wrenching experience when I was a rebellious eighteen-year-old shook me to the core. It not only changed the course of my life but continues to touch the hearts of those who hear the story today. In this book, you will read about my true life experiences on and off the mission field. You will stand alongside me as I work with Mother Teresa in India. You will witness the miracles I experience first-hand in the Middle East and learn from my encounter with demons in the darkest corners of Africa. Come along with me on this journey as we explore what unconventional faith looks like. I will challenge you to take risks, move beyond your past mistakes, and develop a more authentic relationship with God.

*Movies and Midrash* Wendy I. Zierler, 2017-08-15 Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council *Movies and Midrash* uses cinema as a springboard to discuss central Jewish texts and matters of belief. A number of books have drawn on films to explicate Christian theology and belief, but Wendy I. Zierler is the first to do so from a Jewish perspective, exploring what Jewish tradition, text, and theology have to say about the lessons and themes arising from influential and compelling films. The book uses the method of inverted midrash: while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal (parable) as a means of further explication, Zierler turns that process around, beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts. Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought. Films covered include *The Truman Show* (truth), *Memento* (memory), *Crimes and Misdemeanors* (sin), *Magnolia* (confession and redemption), *The Descendants* (birthright), *Forrest Gump* (cleverness and simplicity), and *The Hunger Games* (creation of humanity in God's image), among others.

**Thinking through Children's Literature in the Classroom** Agustín Reyes-Torres,Luis S. Villacañas-de-Castro,Betlem Soler Pardo,2014-06-30 This book is the result of understanding literature as a central part of children's education. Fiction and nonfiction literary works constitute a source to open young minds and to help them understand how and why people - themselves included - live as they do, or to question through critical lenses whether they could live otherwise. By integrating philological, cultural, and pedagogical inquiries, Thinking through Children's Literature in the Classroom approaches the use of literature as a crucial factor to motivate students not only to improve their literacy skills, but also to develop their literary competence, one that prepares them to produce independent and sensible interpretations of the world. Of course, the endeavor of forming young readers and fostering their ability to think begins primarily by having well-read teachers who are enthusiastic about teaching and, secondly, by having students who are willing to learn. To encourage and sustain them through the critical turns of their own thinking processes, educators must surely display a sound pedagogic knowledge apart from deep literary expertise.

Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained within its volumes. It is especially strong in its biographical entries.
