## Robert A. Monroe

*Far Journeys* Robert A. Monroe, 2014-11-12 The sequel to Monroe's *Journey Out Of The Body* is an amazing parapsychological odyssey that reflects a decade of research into the psychic realm beyond the known dimensions of physical reality.

**Ultimate Journey** Robert A. Monroe, 1994 In 1958, a successful businessman named Robert Monroe began to have experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbounded by life or death. Monroe chronicled these out-of-body experiences in two landmark works, *Journeys Out of the Body* and *Far Journeys*. Now, in *Ultimate Journey*, he takes us farther than we imagined possible. *Ultimate Journey* charts the area that lies over the edge, beyond the limits of our physical world. Monroe presents us with a map of the interstate, the route that opens to us when we leave our physical lives, with its entry and exit points, signposts and hazards. He tells us how he found the route and traveled it, and how he uncovered the reason for his pioneering expedition. This is a journey that reveals basic truths about the meaning and purpose of life - and of what lies beyond. Robert Monroe combines records of his own experiences with those of others who have followed his route at the Monroe Institute in Virginia to make *Ultimate Journey* an exhilarating reading experience - the masterwork of a daring and original thinker and explorer.--BOOK JACKET. *Wandering Heart: a Gay Man'S Journey* John Loomis M.D., 2017-03-24 As the only child of troubled parents, author John Loomis was isolated from his peers and grew up shy, bookish, and knowing from an early age he was different in a seemingly serious and unacceptable way. Gradually, he made peace with being gay and continued his search for love, leading to many adventures, much happiness, and some heartbreak. He shares his story in the *Wandering Heart* trilogy. The first volume discussed his early years and young-adult life. In the second volume, Loomis continued his story, describing how his battle with alcoholism and recurring depression made his path more difficult, particularly after he became involved with a handsome and gifted young man who revealed he was married, a male prostitute, the son of a well-known actress, and a heroin addict. After trying to make this relationship work, Loomis admitted defeat, as the addiction was too powerful to allow space for other human beings. In this third volume, he shares how he met another more positive partner and how they have

now been happily together for more than thirty-five years. Filled with an array of photographs of people and places, *Wandering Heart: A Gay Mans Journey* narrates how Loomis has experienced a series of rewarding relationships and additional adventuresome fantastic and others supernatural.

**Reincarnation in America** Lee Irwin, 2017-07-31 *Reincarnation in America: An Esoteric History* surveys the complex history of reincarnation theories across multiple fields of discourse in a pre-American context, ranging from early Greek traditions to Medieval Christian theories, Renaissance esotericism, and European Kabbalah, all of which had adherents that brought those theories to America. Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth. As a history of an idea, reincarnation theory is a current, vital belief pattern that cuts across a wide spectrum of social, cultural, and scientific domains in a long, complex history not reducible to any specific religious or theoretical explanation. This book is cross-disciplinary and multicultural, linking religious studies perspectives with science based research; it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory. The underlying thesis is to demonstrate the complexity of reincarnation theories; what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans-traditional.

**Travel in Spiritual Worlds** John Right, 2021-06-27 The Purpose of Spiritual Travel The goal of spiritual travel is mystical or transcendent religious experience. The reason for an interest in spiritual travel is that it provides a unique means of approaching these distant and extraordinary states of religious awareness. It does this by exposing the spiritual seeker to a series of lessons about the nature of identity, and the freedom of the soul to travel in various non-physical environments. These lessons gradually introduce the spiritual traveler to a variety of psychic and spiritual states containing increasing degrees of individual freedom, and spiritual awareness. In addition, spiritual travel provides an inner laboratory where the seeker can experiment with techniques and methods of moving through the more limited psychic states of awareness and into these distant spiritual realms.

**Hypnosis** Joseph J. Di Peri, Ph.D., RH, 2014-10-08 This wonderful phenomenon has been used by medical doctors to control sensitivity to pain. Entertainers, charlatans, politicians, religious leaders, large corporations, and their salesmen have successfully used it to control people's attitudes and activities. Most people do not appreciate the power of direct or very subtle verbal and nonverbal suggestions. This book explains how suggestions affect our daily activities and answers most of the questions you may have about the phenomenon of hypnosis. It also shows you how to induce and use hypnosis to understand and help yourself and help others.

**Journeys Out of the Body** Robert A. Monroe, 2014-11-12 The definitive work on the extraordinary phenomenon of out-of-body experiences, by the founder of the internationally known Monroe Institute. Robert Monroe, a Virginia businessman, began to have experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a second body to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbound by time or death. Praise for Journeys Out of the Body Monroe's account of his travels, Journeys Out of the Body, jam-packed with parasitic goblins and dead humans, astral sex, scary trips into mind-boggling other dimensions, and practical tips on how to get out of your body, all told with wry humor, quickly became a cult sensation with its publication in 1971, and has been through many printings. Whatever their 'real' explanation, Monroe's trips made for splendid reading. —Michael Hutchinson, author of Megabrain Robert Monroe's experiences are probably the most intriguing of any person's of our time, with the possible exception of Carlos Castaneda's. —Joseph Chilton Pierce, author of Magical Child This book is by a person who's clearly a sensible man and who's trying to tell it like it is. No ego trips. Just a solid

citizen who's been 'out' a thousand times now and wants to pass his experiences to others. —The Last Whole Earth Catalog
