**Shark** Will Self, 2014-11-04 May 4th, 1970. A week earlier President Nixon has ordered American ground forces into Cambodia to pursue the Vietcong. By the end of the day four students will be shot dead by the National Guards in the grounds of Kent State University. On the other side of the Atlantic, it's a brilliant sunny morning after an April of heavy rain, and at the Concept House therapeutic community he has set up in the London suburb of Willesden, maverick psychiatrist Dr Zack Busner has been tricked into joining a decidedly ill advised LSD trip with several of its disturbed residents. Five years later, sitting in a nearby cinema watching Steven Spielberg's Jaws, Busner realizes the true nature of the events that transpired on that dread-soaked day, when a survivor of the worst disaster in the US Navy's history - the sinking of the USS Indianapolis - came face-to-face with the British Royal Air Force observer on the Enola Gay's mission to bomb Hiroshima. Set a year before the action of his Booker-shortlisted Umbrella, Will Self's new novel Shark continues its exploration of the complex relationship between human psychopathology and human technological progress; and like Umbrella, weaves together multiple narratives across several decades of the twentieth century to produce a fiendish tapestry depicting the state we're trapped in.

**Sharks in the Time of Saviours** Kawai Strong Washburn, 2020-03-03 'The next time I went for air you were at the surface, sideways, prone and ragdolling in the mouth of a shark. But the shark was holding you gently, do you understand? It was holding you like you were made of glass, like you were its child.' In 1995 in Kailua-Kona, Hawai'i, seven-year-old Nainoa Flores is saved from drowning by a shiver of sharks. His family, struggling to make ends meet amidst the collapse of the sugar cane industry, hails his rescue as a sign of favour from ancient Hawaiian gods. But as time passes, this hope gives way to economic realities, forcing Nainoa and his siblings to seek salvation across the continental United States, leaving behind home and family. With stunning physical detail and a profound command of language, Washburn's powerful debut examines what it means to be both of a place, and a stranger in it.

The Bull Shark (Dragged from Under #1) Joseph Monninger, 2020-07-21 An action-packed story perfect for fans of shark attack novels, with a touch of STEM, that will keep readers on the edge of their seats. Barn Whimbril is a shark-obsessed sixth grader living in Florida. When a deadly shark attack happens in a canal near his home, he heads off to the scene. As he tries to figure out what has caused these bull sharks to become more aggressive, Barn will face several hazards both in and

out of the water.

**White Shark** Peter Benchley,1995-08-15 Something even more dangerous than the observed sixteen-foot pregnant great white shark has risen from the depths and is feeding in the waters off the coast of Connecticut.

*Let's Read! the Shark in the Dark* Peter Bently,2014-01-01 Let's get reading with Macmillan early readers! The complete story and original illustrations of *The Shark in the Dark* by Peter Bently and Ben Cort have been specially re-designed into a smaller early reader format. Created with expert advice from a literacy consultant, this new version offers children a natural next step on from picture books to support them as they grow in reading confidence. *The Shark in the Dark* is heading this way--and he's HUNGRY! Will the flustered fish become saltwater snacks, or can they come up with a plan to teach that greedy shark a lesson he'll never forget? Sixteen titles available in this series, including *The Gruffalo*, *Room on the Broom*, *What the Ladybird Heard*, *Hamilton's Hats*, *Cats Ahoy!*, *The Princess and the Pig* and *Monsters: An Owner's Guide*.

*Sharks in the Time of Saviors* Kawai Strong Washburn,2020-03-03 *Sharks in the Time of Saviors* is a groundbreaking debut novel that folds the legends of Hawai'ian gods into an engrossing family saga; a story of exile and the pursuit of salvation from Kawai Strong Washburn. "Old myths clash with new realities, love is in a ride or die with grief, faith rubs hard against magic, and comic flips with tragic so much they meld into something new. All told with daredevil lyricism to burn. A ferocious debut." —Marlon James, author of *Black Leopard, Red Wolf* "So good it hurts and hurts to where it heals. It is revelatory and unputdownable. Washburn is an extraordinarily brilliant new talent." —Tommy Orange, author of *There There* In 1995 Kailua-Kona, Hawaii, on a rare family vacation, seven-year-old Nainoa Flores falls overboard a cruise ship into the Pacific Ocean. When a shiver of sharks appears in the water, everyone fears for the worst. But instead, Noa is gingerly delivered to his mother in the jaws of a shark, marking his story as the stuff of legends. Nainoa's family, struggling amidst the collapse of the sugarcane industry, hails his rescue as a sign of favor from ancient Hawaiian gods—a belief that appears validated after he exhibits puzzling new abilities. But as time passes, this supposed divine favor begins to drive the family apart: Nainoa, working now as a paramedic on the streets of Portland, struggles to fathom the full measure of his expanding abilities; further north in Washington, his older brother Dean hurtles into the world of elite college athletics, obsessed with wealth and fame; while in California, risk-obsessed younger sister Kauai navigates an unforgiving academic workload in an attempt to forge her independence from the family's legacy. When supernatural events revisit the Flores family in Hawai'i—with tragic consequences—they are all forced to reckon with the bonds of family, the meaning of heritage, and the cost of survival.

*Shark!* Peter Benchley,2002 The author of *Jaws* turns from fiction to fact as he shares his dramatic real-life experiences on and under the sea and offers advice on how to stay safe in the ocean. Peter Benchley here draws on more than 30 years of experience on and under the water, to help the reader approach the ocean and its inhabitants with the understanding and

respect they deserve. He describes the many types of sharks, and the few that pose a genuine threat to man, what is and what is not known about shark behaviour, the odds against an attack, and how to reduce these odds even further, all reinforced by personal experience: the mistakes he has made and the personal perils he has encountered while producing countless articles and television documentaries as well as his novels. Benchley tells us how to swim safely, how to read tides and currents, and how to survive when danger suddenly strikes. He also discusses what to tell children about sharks and the sea and how to develop a healthy respect for the sea.

**Lone Shark** Anders Hanson, 2006-07 Clark, a small, young shark, is lonely until he meets just the right friend. Alternating pages provide facts about sharks and remoras.

*Fins* Randy Wayne White, 2020-03-31 From Randy Wayne White, the New York Times bestselling author of the Doc Ford series for adults, comes *Fins*, a high-stakes, masterfully plotted story of courage, friendship...and sharks! The world's shark population is in trouble for a sad, simple reason: shark fin soup. And although it's illegal, poachers have been targeting Florida's biannual migration of blacktip sharks. Marine biologist Doc Ford needs some assistance protecting the sharks and enlists the help of three kids—Luke, Maribel and Sabina. Luke is brand-new to Florida from the Midwest; sisters Maribel and Sabina have only recently arrived from Cuba—and all three feel like fish out of water. It's going to take some convincing for them to work as a team and to recognize in themselves the courage, wisdom and tenacity that Doc sees in them. Together they form Sharks, Inc. and are given an important assignment: to set out each day on their small fishing boat in hopes of tagging sharks for Doc's research—and to stay away—far away—from any possible poachers in the area. The trio certainly isn't looking for trouble, but when they come face to face with danger, survival requires them to rely on each of their own unique gifts, and especially on one another.

He even likes to pretend he's a shark wherever he goes! However, there is one small problem. . . . Nate can't swim. When his older brother points this out, Nate works hard to overcome his fears and learn how to blow bubbles, use a kickboard, and finally swim without help, as quickly and as gracefully as a shark. Will he be able to beat his brother in a swim tryout and get his bite back? Kids will love this jawsome book complete with vibrant and whimsical art and a list of shark facts in the back!

*The Great White Shark (Dragged from Under #2)* Joseph Monninger, 2021-01-05 An action-packed story perfect for fans of shark attack novels, with a touch of STEM, that will keep readers on the edge of their seats. DANGER FROM THE DEPTHS! In beautiful Cape Cod, a fatal Great White attack rocks the popular tourist destination. As the beaches are closed and locals grow angry, a recently arrived Barn Whimbril heads straight into the action.
