**Japanese Grammar: A Workbook for Self-Study** Masahiro Tanimori, 2021-04-27 If you've mastered the basics of Japanese grammar and are ready to move to the next level, this book is for you! Each of the 12 chapters is devoted to one widely-used sentence structure and its variations. Chapters are broken down into the following easy-to-follow components: Clear presentation of model sentences Breakdown and explanation of the grammar of key sentence patterns Controlled practice exercises, such as filling in the blanks and imitating model sentences Free practice exercises, using the target sentence structure to create your own sentences Reading comprehension practice, of narrative text and dialogues, for consolidation Online audio files recorded by a native speaker are available for all key Japanese dialogues, and all texts are written in Japanese characters with romanized Japanese and English translation--making the book accessible even for students who have not yet mastered Japanese script. In this beginner's workbook, students of Japanese will learn to read and write the Hiragana and Katakana alphabets, as well as 50 basic Kanji characters. A step-by-step approach moves from tracing letters to reading and writing complete words quickly and effectively. In this comprehensive guide, language learners will find: The 92 Hiragana and Katakana letters 50 Kanji characters Illustrations to help you remember each letter and its associated sound An extensive bidirectional dictionary Hundreds of drills suitable for self-study or classroom use An answer key for all exercises Useful everyday vocabulary and phrases—from numbers and colors to food and social media Free printable flashcards to help you review what you've learned Online audio recordings by a native speaker to help with pronunciation Instead of dealing with separate Hiragana and Katakana workbooks, as is common, this comprehensive guide provides an efficient way to learn both with the help of one book.

Key features of the book include: Exercises graded on a 3-point scale according to their level of difficulty Cross-referencing to the related Modern Japanese Grammar Topical exercises drawn from realistic scenarios to help learners develop their vocabulary and practical communication skills Opportunities to practise both written and spoken Japanese.
