**The World's Creepiest Places** Dr. Bob Curran, 2011-10-15 There are some places in the world where humans quite simply should not go. Not just haunted places, but sites where ancient forces still hold sway. We can recognize such locations by the responses they evoke within us—that feeling we call “the creeps.” But just where are these places, and why do they terrify us? In *The World's Creepiest Places*, Dr. Curran visits some of these sites, looking at their history and traditions and exploring the creepy feeling they evoke in people who have been there. His travels range widely—from his native Ireland and through the empty deserts of the Middle East, to the misty hills of Tibet and back through Europe to America. He's not only looking for ghosts, but also for sinister people, vampires, the living dead, doorways to other worlds—even venturing close to the Gates of Hell itself! This is not just a ghostly travel book. It's for those who want to explore the weird, out-of-the-way locations of our planet and test the boundaries of the reality many of us take for granted. We dare you to take the journey with us!

**Spooky Castles** Megan Borgert-Spaniol, 2020-08-01 Tour some of the world's most famous haunted places in *Spooky Castles*. Young readers will learn about the history, eerie occurrences, and public reactions to several spooky sites. The book also provides historic context and scientific facts that explain what is really going on. Dynamic photos and illustrative details will make readers feel as though they've just visited each hair-raising locale! Big Buddy Books is an imprint of Abdo Publishing, a division of ABDO.

**The Great Big Book of Ghosts** Robert J Dornan, 2024-07-18 The book you are about to read is a reference book that you can turn to for decades to come. I made sure to add fifty true ghost stories from across the globe to spice up the book against the chapters of informative research. I should mention that the ghost stories – other than the London Tower - are in a random order so as to eliminate country repetition. You'll notice that no matter what country is being represented, the stories all have similar backdrops, meaning that ghosts are not only universal, but far from unique to any specific culture. Nor are they limited to a group of countries. Every nation in the world has their own legends and haunted homes, castles, or battlefields. I enjoyed every second of creating this reference book and I sincerely hope it is a learning experience for you as well as a thought provoking, or creative muse to writers, poets and filmmakers. If you are someone considering a career in the paranormal or paranormal investigation, you must read this book instead of relying on video nonsense. Enjoy and try not to

read too much before sleeping as many of these stories are not only engrossing but also horrifying.

*Murder on Main Street* Hunter Laroche, 2022-06-23 Wendy Dow and Nancy Eblen, two very financially comfortable business women, head off their annual summer vacation which they have scheduled together for years. They find themselves on the Island of Nantucket in early May. After a wonderful lunch in the garden of The Chanticleer Inn, they start discussing how nice it would be just to give it all up and spend the entire summer on the island. Well, this adventure moves forward, and they find themselves the owners of a five acre parcel of land in Polpis. The property has two run down barns and a home that has been neglected for quite a number of years. When they start their restoration projects, they uncover a long old slender metal box that is locked. Now, the contents of this mysterious box could it possibly hold the clue to a murder? Ahh, the plot thickens...

*True Ghost Stories* Zachery Knowles, 2017-10-28 Looking for a Scare? Then Read These 15 Spine-chilling Stories The idea of a haunted castle isn't too foreign to most of us. After all, old castles undoubtedly saw many deaths, unjust executions, tortures, broken hearts, and violence in general. Even the most stunning and awe-inspiring castles can hide the darkest secrets, filled with spirits refusing to let those secrets die. From ghosts re-enacting their own executions to ever-present blood stains and playful phantom children, you will read chilling accounts of true hauntings in castles across the world. Ireland, New Zealand, Canada, Austria, the Czech Republic, and more are the homes of castles whose astounding history and unusual architecture are shadowed only by their reputation for paranormal phenomenon and restless ghosts. Consider the

imposing Houska Castle, the site of secretive Nazi experiments in physics and the paranormal, which was built hundreds of years ago to keep evil inside rather than invaders out like most castles. The notorious Tower of London has its share of unruly spirits, including a massive bear that nearly scared a security guard to death. Those are just some of the frightening true stories within this book as you learn about the world's most haunted castles. You will discover a man dragged down a dungeon hallway still inhabited by the ghost of an evil torturer. You may laugh about how many ghostly photobombers enjoy showing up in tourists' pictures or gasp at the account of a headless drummer boy who suddenly disappears. Consider awakening in the middle of the night surrounded by a group of Druid-like monks. Think of how terrified you would be to encounter a suit of armor that let out a blood-curdling, pain-riddled scream. Ponder viewing security footage displaying a heavy door flinging wide open only seconds before a massive, hooded figure appears. If you find these types of stories fascinating and creepy, this is the book for you. Ready to scare yourself senseless? Scroll to the top of the page and hit buy!
