James J. Sexton

How to Stay in Love James J. Sexton, 2019-12-31 Hard-hitting divorce lawyer James J. Sexton shares his insights and wisdom to help you reverse-engineer a healthy, fulfilling romantic relationship with *How to Stay in Love*. With two decades on the front lines of divorce Sexton has seen what makes formerly happy couples fall out of love and “lose the plot” of the story they were writing together. Now he reveals all of the “what-not-to-dos” for couples who want to build—and consistently work to preserve—a lasting, loving relationship. Sexton tells the unvarnished truth about love and marriage, diving straight into the most common issues that often arise from simple communication problems and relationships that develop by “default” instead of design. Though he deals constantly with the heartbreak of others, he still believes in romance and the transformative power of love. This book is his opportunity to use what he has learned from the mistakes of his clients to help individuals and couples find and preserve lasting connection. Previously published as *If You're In My Office, It's Already Too Late*.

The Business That is Not Business—Marriage Olehile Moses Setilo, 2025-07-17 When one starts a business, one researches, conducts background checks, drafts business plans, works on the budget, and focuses on establishing, running, and growing the business, and continually evaluates to improve where necessary. Why not do the same for marriage since

business and marriage both have direct psychosocial, physical, emotional, and economic impacts on one's life? Hence throughout this book there is a thread of a business concept that runs across, stitching out marital activities to business. The idea is meant to give reality, confront, mitigate challenges accompanying marriage, provoke deep thinking, and keep one attentive. This book also serves as a lamp in a marital voyage. In *The Business That is Not Business—Marriage*, author Olehile Moses Setilo discusses making marriage your business. He helps you: • understand why marriage is a merger; • quantify the happiness index; • know your business before you venture into it; • learn to spot red flags; • consider the cultural influences and differences; • realize the power of language in your marriage; • analyze the opportunity cost; • invest in the marriage; • know the factors that can harm your marriage; and • acknowledge and internal and external stakeholders; *The Business That is Not Business—Marriage* communicates that marriage is serious business and it must be handled with care. Delving into a range of topics, this guide contributes to strengthening marriages and building strong family base, and offers the opportunity to enjoy the serendipity of business familiarity. The bottom line: Marriage is a journey, not a destination.
