

Jose Miguel Liriano Testimonio

Manuel J. Bequer Medina

Testimonios de un rebelde Orlando Rodríguez Pérez, 2001 Episodios de la Revolución Cubana 1944-1963.

El franquismo en Valencia Ismael Saz, Alberto Gómez Roda, 2025-03-13 La identificación de las actitudes de la ciudadanía durante la Dictadura franquista es una de las cuestiones más debatidas y polémicas en el ámbito de nuestra historiografía. Con frecuencia se cae en valoraciones simplistas que reducen tales actitudes bien a las de un consenso prácticamente total, bien a las de una hostilidad casi absoluta. El presente conjunto de artículos obedece a una investigación conocida como Proyecto Valencia, en la que se analiza en profundidad, priorizando las entrevistas orales, el modo en que los valencianos se situaron ante la Dictadura durante la posguerra. A través de la localización de diversos medios sociales, obreros, populares o festivos, la investigación arroja luz sobre la inmensa complejidad de las actitudes sociales: entre los polos de la adhesión inquebrantable y de la oposición militante se situaría “a un lado una amplia zona de consentimiento y aceptación pasiva, con diversos grados de identificación, convencimiento y ‘resignación del mal menor’; y, al otro, una zona no menos amplia de disenso pasivo, con diversos grados también de ‘resignación de la impotencia’, rechazo y propensión a la protesta”. Se constata así la existencia de zonas intermedias en las que, más que el blanco o el negro, predominarían todas las tonalidades del gris. Y, sobre todo, destaca la idea de que en el análisis de las actitudes individuales no se estaba tratando con héroes, pero tampoco con sombras sumisas y apagadas.
