Secrets of the Millionaire Mind T. Harv Eker, 2009-10-13 #1 New York Times, Wall Street Journal, and USA Today Bestseller! Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: Give me five minutes, and I can predict your financial future for the rest of your life! Eker does this by identifying your money and success blueprint. We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and revise it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen Wealth Files, which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Is the difference in their education, intelligence, skills, timing, work habits, contacts, luck, or business choices? The surprising answer: none of the above! In Secrets of the Millionaire Mind, T. Harv Eker reveals that the key to financial success lies in something far more profound: your money and success blueprint. According to Eker, everyone has a subconscious money blueprint that shapes their financial future. It's this hidden blueprint that determines whether you thrive financially or struggle—regardless of your knowledge of marketing, real estate, stocks, or business. But the good news is, you can reset this blueprint to align with natural, automatic success. Secrets of the Millionaire Mind is a two-part guide. In Part I, Eker explains how your money blueprint works and how your childhood

experiences have influenced your financial mindset. Using a rare mix of street smarts, humor, and heart, Eker helps you identify your own money blueprint and shows you how to revise it to not only create wealth but, more importantly, to maintain and grow it over time. In Part II, Eker introduces 17 "Wealth Files," each explaining the specific ways that rich people think and act differently from those in the poor and middle classes. Each file includes practical steps you can take in the real world to dramatically increase your income and accumulate lasting wealth. If your current financial situation isn't where you want it to be, *Secrets of the Millionaire Mind* provides the tools to transform your money blueprint. Without identifying and revising this blueprint, it will likely remain unchanged for the rest of your life. But with the help of this book, you can shift your mindset and start thinking and acting like the wealthy. According to T. Harv Eker, it's simple: think like the rich and do what the rich do, and you just might find yourself joining them.
