MCAT Behavioral Sciences Review 2022-2023 Kaplan Test Prep, 2021-07-06 Kaplan's MCAT Behavioral Sciences Review 2022-2023 offers an expert study plan, detailed subject review, and hundreds of online and in-book practice questions—all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined. Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way—offering guidance on where to focus your efforts and how to organize your review. This book has been updated to match the AAMC's guidelines precisely—no more worrying about whether your MCAT review is comprehensive. The Most Practice More than 350 questions in the book and access to even more online—more practice than any other MCAT behavioral sciences book on the market. The Best Practice Comprehensive behavioral sciences subject review is written by top-rated, award-winning Kaplan instructors. Full-color, 3-D illustrations from Scientific American, charts, graphs and diagrams help turn even the most complex science into easy-to-visualize concepts. All material is vetted by editors with advanced science degrees and by a medical doctor. Online resources, including a full-length practice test, help you practice in the same computer-based format you'll see on Test Day. Expert Guidance High-yield badges throughout the book identify the topics most frequently tested by the AAMC. We know the test: The Kaplan MCAT team has spent years studying every MCAT-related document available. Kaplan's expert psychometricians ensure our practice questions and study materials are true to the test.

MCAT Behavioral Sciences Review 2018-2019 Kaplan Test Prep, 2017-07-04 Kaplan's MCAT Behavioral Sciences Review offers an expert study plan, detailed subject review, and hundreds of online and in-book practice questions – all authored by the experts behind the MCAT prep course that has helped more people get into medical school than all other major courses combined. Prepping for the MCAT is a true challenge. Kaplan can be your partner along the way – offering guidance on where to focus your efforts and how to organize your review. This book has been updated to match the AAMC's guidelines precisely—no more worrying if your MCAT review is comprehensive! The Most Practice More than 350 questions in the book and access to even more online – more practice than any other MCAT behavioral sciences book on the market. Sociology of Health, Healing, and Illness Gregory L. Weiss, 2015-08-13 A comprehensive presentation of the major topics in medical sociology. The Sociology of Health, Healing, and Illness, 8/e by Gregory L. Weiss and Lynne E. Lonnquist provides an in-depth overview of the field of medical sociology. The authors provide solid coverage of traditional topics while providing significant coverage of current issues related to health, healing, and illness. Readers will emerge with an understanding of the health care system in the United States as well as the changes that are taking place with the implementation of The Affordable Care Act.

Social Foundations of Behavior for the Health Sciences Ginny Garcia-Alexander, Hyeyoung Woo, Matthew J. Carlson, 2017-11-03 This textbook helps students in the health sciences prepare for the social foundations portion of the medical college entrance exam. It provides a solid understanding of the fundamental concepts, theories, and methodologies in sociology that the exam requires. This book offers a condensed overview of the sociological concepts covered during a 15 week semester. It helps students gain an understanding of the social foundations of behavior, and the social determinants of health within the professional context of medicine. Students are provided with the necessary basics in addition to case studies, learning and research activities, recommended external resources, and study questions. These are meant to develop pre-health students' understanding of the importance of the social factors that influence health outcomes. The featured activities contain various exercises using examples of sociology of health and medicine, including social factors shaping

health, social relations between doctors and patients, and the health care system, among others. As a result, this book well informs not only those who wish to prepare for the medical college entrance exam to pursue a career in the health profession, but also anyone who is interested in social perspectives on health and medicine.
